Courseware Development Grant Scheme (CDGS)

From 2007, Academic IT Steering Committee (AITS) has set up a Courseware Development Grant Scheme (CDGS) to invite applications from members of the teaching staff for projects funded under this allocation. Projects must be related to UGC-funded courses and programmes. The aim of CDGS is to encourage teachers to move forward from the basic use of eLearning towards developing more sophisticated or more complete eLearning environments for their students.

CDGS is a yearly based scheme. CDGS grant recipients should complete the project and put the developed electronic courseware or environments on the web for access by students within 12 months of the commencement date of the project. List of the projects funded by CDGS for 2007-08, 2008-09, 2009-10, 2010-11, 2011-12, 2012-13, 2013-14, 2014-15 are provided in the respective pages.
