

## **Announcement of Biochemistry Programme on Course Registration 2019-20, Term 2**

BCHE2070 Research Internship

Prior approval has to be obtained from the Biochemistry Programme (Room 132, 1/F, Science Centre North Block).

### **For Biochemistry Year 2 Students**

Pre-assigned Courses

The following FIVE courses will be pre-assigned to all year 2 Biochemistry major / potential students.

1. BCHE2000 Frontiers in Biochemistry
2. BIOL2410 General Genetics
3. BCHE3050 Molecular Biology
4. BCHE3070 Recombinant DNA Techniques
5. BCHE3650 Molecular Biology & Recombinant DNA Laboratory

The following required course will be added by students in CUSIS.

BIOL2313 Genetics Laboratory

Students are required to opt one group from groups A to D.

### **For Biochemistry Final Year Students**

Pre-assigned Courses

BCHE4903 Senior Experimental Project III will be pre-assigned to Biochemistry students who have selected senior experimental project.

LSCI4000 Literature Research will be pre-assigned to Biochemistry students who have selected senior literature research.

Enquiries on course selection regarding Biochemistry courses, please contact Ms. Janny Lee (Tel: 3943 6359; Email: [janny@cuhk.edu.hk](mailto:janny@cuhk.edu.hk)).
