

12 - 教學觸覺提升計劃: 中文教師教學錄影專頁 (Teaching awareness enhancement: A video repository for Chinese language teacher education)

Tools / Services	Pedagogical Uses
<p>The micro-modules were developed with the support of the Information Technology Services Centre (ITSC)</p>	<p>Flipped classroom activities have been conducted for the course CLED3510 'Methods of Chinese Language Teaching I'. Students were asked to watch the videos from the Reading module prior to class. They then participated in in-class discussions about skills of teaching reading (as illustrated in the videos) and the guided questions.</p>
