

Special Seminar

ARTIFICIAL ISLAND: WRONG WAY, WRONG TIME, WRONG PLACE

by Lam Chiu Ying
林超英

The talk will cover the following aspects of the proposed artificial island: Why it is not the solution to Hong Kong's problems? Why it is not necessary? Why it goes against climate change and why its location is a bad choice?

About the Speaker

Lam Chiu Ying is Adjunct Professor at the Department of Geography and Resource Management, CUHK; Chairman, Hong Kong Countryside Foundation; Chairman, Environmental Campaign Committee. Honorary Fellow, Royal Meteorological Society. Previously Director of the Hong Kong Observatory.

Moderator: Prof. Mee Kam Ng
