

# CMSC5733 Social Computing

Irwin King

Exercise #1

**Deadline: 23:59:59, September 18 (Friday), 2015**

**Late submission will lead to marks deduction. Days of 1, 2, 3, and 4 or above will cause 10%, 30%, 60% and 100% marks deduction, respectively.**

**Submission Guidelines: Please send the PDF file to email address [cuhk.cpsc5733@gmail.com](mailto:cuhk.cpsc5733@gmail.com) with your name and student ID.**

1. Construct your own LinkedIn account, if you do not have. You are required to edit some basic information, including education, skills, working experience, and more (as much information as possible). And then you send invitations to the tutor (Shenglin Zhao) and the professor (Irwin King). You are also required to sign up for the CMSC5733 Interest Group at the professor's LinkedIn account at: <https://www.linkedin.com/grp/home?gid=8391184>.

We will be running a comparison later to see who has good LinkedIn sites so please make sure you add relevant and appropriate materials and information to your LinkedIn site.

2. Construct your own Facebook account, if you do not have.
3. Sign up for an account at the Knowledge and Education Exchange Platform (KEEP) <https://keep.edu.hk/>. You are required to explore the function of KEEPSearch, KEEPCatalog, KEEPCourse, and KEEPoll. Then create a new poll through KEEPoll that contains at least one question that is related to the first lecture of the CMSC5733 course.

## **Remarks:**

The homework solution sheet should contain:

1. Linked-in page url
2. Facebook page url
3. KEEP account user name
4. The url with the question id from KEEPoll
5. Confirmation that you have signed up for the group, "CUHK CMSC5733 2015" on Irwin King's LinkedIn page.
