

The Chinese University of Hong Kong Physical Education Unit

2020-2021 Course Selection and Add/Drop Procedures for Current Students (For students admitted in or before 2019-2020)

I. Teaching Mode

To take care the needs of different students, face-to-face / mixed-mode teaching will be conducted in 2020-21 T2 for all required and elective P.E. courses except for ten online classes.

To minimize the chance of infection, the following precautionary measures will be in place:

- ✧ Students should have body temperature screening and record on a form at the entrance of the sports venue;
- ✧ Students should wear sportswear on school days when there are PE lessons as far as possible to avoid overcrowding in changing rooms;
- ✧ Students should perform hand hygiene before and after exercise/lesson, and avoid touching eyes, nose and mouth during exercise;
- ✧ Students should wear masks during the lesson. If they take off the masks due to breathing difficulties, they should keep a physical distance of at least 1.5m apart from each other;
- ✧ Students should avoid sharing sports equipment and the equipment should be disinfected after each use;
- ✧ Students should avoid sharing their personal items such as water bottles, towels, combs, etc.

In case there is a rebound of the epidemic situation in Hong Kong and the government announces to tighten social distancing measures, the number of face-to-face classes will be minimized to safeguard the health of students and staff.
