General Information

Year of Establishment

1963 (through amalgamation of Chung Chi College, New Asia College and United College)

Motto

博文約禮

Through Learning and Temperance to Virtue

Emblem

The emblem of the University is the mythical Chinese bird *feng* (鳳) which has been regarded as the Bird of the South since the Han dynasty. It is a symbol of nobility, beauty, loyalty and majesty. The University colours are purple and gold, representing devotion and loyalty, and perseverance and resolution, respectively.

Our Mission

To assist in the preservation, creation, application and dissemination of knowledge by teaching, research and public service in a comprehensive range of disciplines, thereby serving the needs and enhancing the well-being of the citizens of Hong Kong, China as a whole, and the wider world community.

Our Vision

To be acknowledged locally, nationally and internationally as a first-class comprehensive research university whose bilingual and multicultural dimensions of student education, scholarly output and contribution to the community consistently meet standards of excellence.

Campus Area

137.3 hectares

Buildings on Campus

Number of Buildings: 152

Total Gross Floor Area: 585,000 m²

Campus

Main Campus

The University's stunning campus commanding panoramic views of the Tolo Harbour and the mountain ranges nearby is the largest in Hong Kong. Nestled among the

greenery are tasteful buildings featuring a mix of Chinese and Western architectural styles. The CUHK campus is a haven for many varieties of flora and fauna which great care has been taken to protect and enhance.

Prince of Wales Hospital

Situated at Siu Lek Yuen in Shatin, the Prince of Wales Hospital is the teaching hospital of the Medical Faculty of CUHK, offering training for medical professionals and the ground for medical research. It also houses most departments of the Faculty of Medicine and several CUHK research institutes.

Teaching Centres in Town

The Graduate Law Centre, the MBA Town Centre, and one of the enrolment and learning centres of the CUHK School of Continuing and Professional Studies are housed at the Bank of America Tower in Central, Hong Kong.

Shenzhen Research Institute

Situated in the Shenzhen Virtual University Park in Nanshan, the 10-storey Shenzhen Research Institute Building occupying a total floor area of 25,000m² will be completed in the second half of 2011.

Colleges

Chung Chi College

College Motto: **In Pursuit of Excellence**

Chung Chi College was founded in 1951 by the Protestant Churches in Hong Kong to fill the need for a local institution of higher learning that would be both Chinese and Christian. It is characterized by an emphasis on liberal arts education and whole-person development.

Lake Ad Excellentiam

Weiyuan Lake, the name in *pinyin*, literally meaning 'not complete', not only describes the shape of the lake but is a clever footnote to the College motto 'In Pursuit of Excellence', which is 'Ad Excellentiam' in Latin.

Chung Chi Tang

The double-storey A-frame Chung Chi Tang, built in 1972, serves as a student recreation centre and canteen.

The College Chapel

Built in 1961, the College Chapel is situated half way up the hill along Chung Chi Road. Its colourful blocks of granite were indigenous and excavated while developing the College campus.

New Asia College

College Motto: **Sincerity and Intelligence**

New Asia College was founded in 1949 by a group of scholars from mainland China headed by Prof. Ch'ien Mu who aimed at preserving traditional Chinese culture and balancing it with Western learning so that students might understand their cultural heritage while being able to cope with the challenges of the modern world.

Pavilion of Harmony

The pavilion illustrates the idea of the 'union of man and nature' advocated by Prof. Ch'ien Mu. Sitting by the pond, one may feel to be an integral part of the nature.

The Statue of Confucius

The statue in bronze faces north toward the hometown of Confucius in Shandong province. At the back of the statue is a bamboo stick engraved with Confucius' teaching ideal, 'ever learning, and never tired of teaching'.

New Asia Amphitheatre

A popular venue for students' activities. Names of the College graduates arranged by year of graduation are engraved on the two curved walls in the amphitheatre.

United College

College Motto: **Make One's Virtues Shine and Renew the People**

United College was founded in 1956 through the amalgamation of five post-secondary colleges which were originally private universities in Guangzhou and its vicinity and which were closely related to higher education in Hong Kong.

The Water Tower

The Water Tower has been serving United College since 1970. On special occasions, this graceful structure is lit up for a festive mood.

The Cascade

Built in 1996, the Cascade is a popular venue among students for graduation photographs.

Sculpture Garden

The Sculpture Garden outside the Wu Chung Multimedia Library has a distinctive artistic ambience.

Shaw College

College Motto: **Cultivating One's Virtue and
Going Deeply into What One
has Learned**

Shaw College was founded in 1986 with private donations to promote the cultivation of virtue and the pursuit of knowledge. The Wen Lan Hall of the College provides a vantage point to admire the beautiful scenery of the Tolo Harbour and the nearby Pat Sin Leng.

College Sign

The dynamically shaped College Sign situated on the Shaw Terrace at the campus entrance represents the College spirit and a readiness to face new challenges squarely.

Mural

The Shaw College Mural, located beneath the sign, incorporates several important icons such as the College Sign, the Tolo Harbour, Hong Kong Orchid and Chek Nai Ping Village near the University.

The HERBSnSENSES Chinese Medicinal Plants Garden

The herbal garden has an area of about 800m². Over 20 flowering and fragrant herbs are planted in this Chinese style garden for teaching and research purposes.

Morningside College

College Motto: **Scholarship, Virtue, Service**

Founded in 2006, Morningside College seeks to cultivate independent and creative thought, study to good purpose, vigorous debate, and service to Hong Kong, China, and the world.

明晨書院
MORNINGSIDE COLLEGE

S.H. Ho College

College Motto: **Culture, Morals, Devotion, Trustworthiness**

Founded in 2006, S.H. Ho College is a fully residential college which is centred on regular communal dining. The College seeks above all to provide its students with a welcoming environment they can call home, and is attentive to tried and tested traditions of whole person education.

C.W. Chu College

College Motto: **Cultus et Beneficentia**

Founded in 2007, C.W. Chu College is named after Dr. Chu Ching-wen (1906–1996). The College is established with the vision to be an intimate community of scholars drawn from diverse backgrounds, engaged with the world in a spirit of curiosity and generosity. This vision statement embraces four elements (intimate, international, intellectual and involved) which distinguish the College and lay the path for its development.

Wu Yee Sun College

College Motto: **Scholarship and Perseverance**

Founded in 2007, Wu Yee Sun College seeks to cultivate among students an entrepreneurial spirit with social responsibility. In the College's intimate and dynamic learning atmosphere, students will develop the drive for entrepreneurship: a passion for innovation and creativity, and acumen in pursuing new projects and ideas, not just for personal gain but for the common good.

Lee Woo Sing College

College Motto: **Wisdom, Humanity,
Integrity, Harmony**

Founded in 2007, Lee Woo Sing College aims at developing leaders with excellent communication and leadership skills for Hong Kong, the mainland and the world. The College also emphasizes the spirit of 'Harmony', being kind to people and handling things with moderation.

Note: C.W. Chu and Wu Yee Sun College are expected to operate by 2012

Fellows of the Association for Computing Machinery	4
Member of the US National Academy of Engineering	1
Winners of the Cheung Kong Achievement Award	3
Winners of the Ministry of Education Outstanding Scientific Research Output Award	7
Fellows of the Royal Society	2

Research

Five Focused Areas of Research

To maximize impact and benefit to society, CUHK has adopted in its Strategic Plan 2006 the strategy of focusing its research investments in five already distinguished fields of academic enquiry within the University. They are:

Chinese Studies

The multi-disciplinary field of Chinese Studies is an essential source of understanding of all things Chinese. It is a flourishing field comprising five clusters of sub-areas which represent the combined strengths of academic staff from different units: language, literature and performing arts; heritage and history; social and regional developments; political and legal developments; public health and environment.

Biomedical Sciences

Biomedical research in CUHK straddles the conventional boundaries of academic disciplines and addresses health issues from the molecular to the societal level, contributing to progress in medicine, public health, and bioscience.

Information Sciences

On the basis of its significant presence in Information Sciences, it being the major internet hub for the region, CUHK strives to scale greater heights through theoretical and applied research, and to seek opportunities for technology transfer in the areas of theoretical computer science; information and coding theory; information security; multimedia technology and bio-informatics.

Economics and Finance

CUHK is particularly strong in the areas of Chinese economy, corporate finance and the emerging financial markets of China and Asia. It excels by virtue of its history and geography and contributes to Hong Kong's strength as a hub of international trade and finance through teaching, research, consultancy and public service.

Geoinformation and Earth Sciences

CUHK strives to become a national leader and global hub for the research, application and technology transfer of tropical monsoon environmental remote sensing by maximizing the benefit of such technology through research, teaching and public service to improve life, the environment and the economy.

Areas of Excellence

The University Grants Committee (UGC)* has provided preferential funding to the local tertiary institutions to conduct research into 15 selected Areas of Excellence (AoEs). Five ongoing projects are led by researchers at CUHK:

Centre for Research into Circulating Fetal Nucleic Acids

The project team discovered the presence of cell-free fetal DNA in the plasma of pregnant women, offering new possibilities for non-invasive prenatal diagnosis. The team continues to address a number of high-profile unsolved questions in the field of circulating fetal nucleic acids, including non-invasive molecular methods for the diagnosis of fetal Down syndrome.

Chinese Medicine Research and Further Development

The project further pursues the two formulae for promoting ulcer healing and cardiovascular health. It will not only set models for clinical evidence on the efficacy of selected herbal formulae, but will also establish models for clinical trials and drug authentication for Chinese medicine.

Centre for Plant and Agricultural Biotechnology

The aim of the project is to build a pipeline for biotechnology crop production, through identification of useful genes from elite germplasms; transfer them into designated crops (e.g., rice) to produce new lines with improved agronomic performance after conducting field trials and safety assessment.

Institute of Network Coding

With an aim to making Hong Kong a major centre of network coding, the world-leading Institute of Network Coding will conduct forefront research on the theory of network coding and its various applications on the Internet, wireless communications, information security, data storage and bioinformatics.

The Historical Anthropology of Chinese Society

This project will study 15 geographic areas in China to recover the history of both how local society identified with its own characteristics, and incorporated into the broad expanse of a unified culture. By comparing the time frame of separate local histories, this project will construct a history of China from the bottom up.

* UGC is an advisory body responsible for advising the HKSAR government on the development and funding needs of the higher learning institutions in Hong Kong

State Key Laboratories

- **State Key Laboratory in Oncology in South China (CUHK)**
 Backed by a strong clinical base, the laboratory, established in 2006, conducts research into the early detection of cancers particularly prevalent in Asian populations, and seeks to develop novel therapeutics for the treatment.
- **State Key Laboratory of Agrobiotechnology (CUHK)**
 The laboratory was established in 2008 with the mission of up-scaling China's agricultural technology to increase agricultural productivity, safeguard food security in China, and improve people's nutrition by combining the traditional wisdom of farmers and breeders and modern biotechnology.
- **State Key Laboratory of Phytochemistry and Plant Resources in West China (CUHK)**
 By drawing on the expertise in research into Chinese medicinal plants developed both at CUHK and in the Kunming Institute of Botany, Chinese Academy of Sciences, the laboratory aims to conduct research into the modernization of traditional Chinese medicine and the application of biotechnology in medical science.
- **State Key Laboratory of Synthetic Chemistry**
 Established in partnership with the University of Hong Kong and the State Key Laboratory of Organometallic Chemistry located in the Shanghai Institute of Organic Chemistry, the Chinese Academy of Sciences, the laboratory aims to create and identify novel chemical compounds with important structural and bonding features or with notable potential for practical applications.

Museum & Galleries / Cultural Facilities

Art Museum

Collects, preserves, researches and exhibits artefacts from ancient and pre-modern China. Presents Chinese art and culture to CUHK members and the public.

Chung Chi College Archive

Carries information on Chung Chi College history and campus developments.

Hui Gallery

Located in New Asia College, the gallery is a venue for art exhibitions, established to promote cultural life on campus.

The Shum Choi Sang United College Archives

Contains over 190 items related to United College history.

Yueh Chiao Art Gallery

Situated at the second floor of the Shaw College Lecture Theatre, the gallery is an ideal venue for exhibitions.

Sir Run Run Shaw Hall

A multi-purpose cultural centre providing venue and services for large-scale functions. Also supports cultural and arts programmes of the Office of the Arts Administrator.

Cultural activities in Sir Run Run Shaw Hall

Shaw College Lecture Theatre

The theatre is equipped with advanced audio-visual facilities and has an auditorium of 495 seats.

Shaw College Lecture Theatre

Lee Hysan Concert Hall

A 269-seat facility with stage and pipe organ, catering for orchestral, choral and solo musical performances.

Chung Chi College Chapel

A 1,200-seat facility for religious events, weddings, college assemblies and lectures.

Meeting and Outdoor Venues

Cho Yiu Conference Hall

The 162-seat conference room is equipped with simultaneous interpretation system and projection screen for video-conferencing. Portraits of past chancellors and vice-chancellors adorn its walls.

The Gate and the Beacon

The broad rectangular base of the sculpture *The Gate* is a popular place for student activities, especially public forums and ceremonies. It is also known as the Beacon.

Cultural Square

Outside the Benjamin Franklin Centre, a popular place for student activities including open-air concerts, drama, flea markets, as well as cultural festivals.

University Mall

Lined between the University Library and the Science Centre, the University Mall is the most famous icon on campus. It is also the place for the University's annual congregation.
