Special discount to CLC Putonghua Advanced Diploma programme students

PRINCH is a task-based programme which actualizes the idea of “learn to use and use to learn”. It is carefully designed to provide intermediate and advanced Chinese language learners with the opportunity to use language in real life for real communication purposes. First launch in 2006, PRINCH allows students to practice what they have learned in class through a variety of activities in the target culture, an approach that has been recognized by professionals and highly recommended as a most effective means to cultivate pragmatic competence of language learners. Class format consists of three parts, (1) Classroom activities with the head teacher. (2) Theme-based trip in small groups led by local teachers and (3) Post-trip tasks with teachers, such as Q&A, discussion and presentation. Themes include history, religion, commerce, customs and culture, education and modern living etc.

Host School in Beijing (北京)

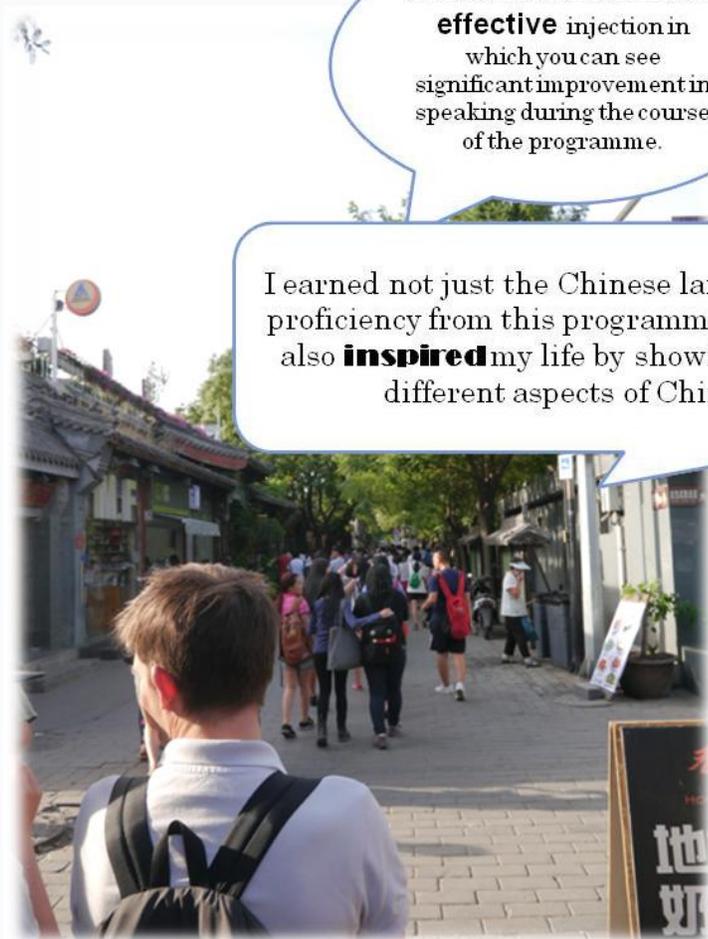

Beijing is the capital of the People's Republic of China. It is the second largest Chinese city by urban population after Shanghai and is the nation's political, cultural, and educational centre. The city's history dates back three millennia. Beijing has been the political centre of the country for much of the past seven centuries. The city is renowned for its opulent palaces, temples, gardens, tombs, walls and gates, and its art treasures and universities have made it a centre of culture and art in China. Few cities in the world have been the political and cultural centre of an area as immense for so long.

PRINCH in China is like an **effective** injection in which you can see significant improvement in speaking during the course of the programme.

PRINCH is a **tough** yet **rewarding** and interesting programme. I want to join again.

I learned not just the Chinese language oral proficiency from this programme. PRINCH also **inspired** my life by showing me the different aspects of China.

PRINCH combines language learning, cultural immersion, career preparation and entertainment; a remarkable learning experience **never to be forgotten**.

Dear PRINCH participants,

PRINCH is founded by the CLC director and the programme team which has been launched since 2006. It has been a successful program because of its distinctive features: Learning through application; Small group enhancement exercise; Task based and proficiency oriented; Valuable visits etc. We are dedicated to provide students with a rewarding and fruitful PRINCH experience.

To these ends, all participants' photos, audio/ video/ written records, questionnaires taken during the course are of extreme significance in PRINCH with regard to course teaching, management and administration, as well as assessment. For example, head teacher may give individual feedbacks on individual presentations based on the recordings which could not have been done one by one in class. PRINCH course group counselors and if applicable, local teachers provided by the host school, are also able to give students comments as a native local audience. Apart from the above immediate operational needs, these invaluable records are also greatly conducive to continuous growth of PRINCH such as teaching staff training, research, evaluation and publicity.

The programme can only succeed with your kind support. If you do not agree with the aforementioned arrangement, please feel free to let us know at any point, be it before, during or after the programme.

We sincerely wish you a challenging, fruitful, rewarding and memorable PRINCH experience!

From the Programme Team of PRINCH.
