

3 September 2008

Dear Colleagues, Students and Alumni,

Campus Master Planning: Stage 1 Stakeholder Engagement Report

We are delighted to announce that the Consultant's Stage 1 Stakeholder Engagement Report is now ready for viewing. The report is released in English. The full report and the Chinese translation of the following sections of it are available on the website of CMP (<http://www.cuhk.edu.hk/cmp/en/>):

1. Executive Summary
2. Conclusions in the Key Findings Section
3. Way Forward

Immediately after their appointment as respectively the consultant and architect of CUHK's Campus Master Planning (CMP) in February 2008, Aedas Limited and its overseas partner, Edward Cullinan Architect (UK), have started the Stage 1 CMP Study and launched a series of activities gathering detailed information. In this first stage of CMP, a series of events including engagement meetings, workshops and forum were organized to hear as well as collect views and priorities from the Colleges, Faculties, students, staff members, alumni and other members of the University community.

The Consultant considers the valuable information collected in Stage 1 Stakeholder Engagement useful in establishing concepts and directions of the conceptual CMP and they will present a Conceptual Planning Proposal and launch the Stage 2 engagement activities in late September.

Both the consultation process and the final outcome are important to the University in the formulation of a sustainable CMP. The Consultant and the Steering Committee encourage and welcome all University Members to continue participating actively in this Study.

Yours faithfully,

Ching Pak-chung
