CMP Newsletter - Issue 11

15 January, 2009

Dear Colleagues,

We Know You Care

We have informed members of the University community of the commencement of the Stage 3 activities of the Campus Master Planning (CMP). We deeply appreciate the steadfast support of you who have all along been enthusiastic and generous with your views and ideas.

You are cordially invited to participate in these activities and hear from Mr. Edward Cullinan, Master Planner, and the consultant about their plans, proposals, strategies and guidelines. Your participation is important because your comments and views will contribute significantly to the final report of the Master Plan which will see the light of day in a few months.

1. Come yourselves and encourage your friends and colleagues to join us at the **Seminars on Master Planning Vision and Specific Proposal**, which will be held on **20, 21, 22 January, 2009, between 6:00 and 9:00 pm at LT 1, Esther Lee Building**. Please register to attend at least one of the seminars at www.cuhk.edu.hk/cmp/
2. Come and see the **Poster and Model Exhibition**. You can find the details at the CMP website at www.cuhk.edu.hk/cmp/
3. Look out for the news about the **View Collection**, which will start later this month, and the **Guided Tour** in March.

Make use of this chance to leave your fingerprints on how our campus will look in the years to come. Show that you care. We know you do.

Yours faithfully,

Ching Pak-chung
