

Biography

Professor Qian Miao was born in 1977 in Chengdu, China, and graduated from the University of Science and Technology of China with a B.Sc. degree in 2000. He received his Ph.D. degree from Columbia University in 2005 under the direction of Prof. Colin Nuckolls, and was a postdoctoral scholar with Prof. Fred Wudl at University of California, Los Angeles. He joined the Chinese University of Hong Kong as an assistant professor in 2006, and was promoted to Associate Professor in 2012 as well as Professor in 2016. His research interests include design and synthesis of novel polycyclic aromatic molecules with interesting structures and useful applications, and development of high-performance organic semiconductor materials and devices using tools from organic synthesis, supramolecular chemistry and surface chemistry.
