

9 - More In-depth Reading” (MOIRE) Platform for the General Education Foundation Programme

Tools / Services	Pedagogical Uses
<p>Camtasia Studio for recording and editing the micro-modules; Centre for eLearning Innovation and Technology (ELITE) provides technical supports</p>	<p>Flipped classroom activities have been conducted with using the micro-modules. Students were required to watch the video clips. In-classroom discussion was arranged to clarify the micro-module materials and answer student questions on the reading material so as to better equip students for the discussions held in student-centered seminars.</p>
