

Ms. Iida Yumi (Lecturer)

こんにちは。Hello, everyone, my name is Yumi IIDA.

Nice to meet you all at CUSCS. I have been teaching here since September 2009.

I am from Ishikawa Prefecture located in the Chūbu region on Honshū island. In Ishikawa Prefecture, traditional Japanese culture is still very much a part of daily life so I have been very interested in history and culture since I was a child.

I enjoy teaching very much simply because I love doing so! It's always a pleasure to introduce Japanese language and culture to students.

Besides teaching, I like to learn Japanese traditional dance and visit old historical and cultural places.

I look forward to talking with you!
