Chris Watson, my pen friend, took a long holiday with his family 🧑👦 and arrived Hong Kong last week. I took him to visit some famous attractions in Hong Kong. ✈️

In the morning, we went to Hong Kong Wetland Park by bus 🚌. We visited Mudflat Bird Hides. We observed birds at the riverside, fishpond and mudflat. There were over 200 species of birds in the Park. We heard birds singing 🎵. The birds sang wonderful melody. We were impressed.

Next, we went to visit the crocodile "Pui Pui". It was a female saltwater crocodile. The Wetland Park became her home since 2006. Pui Pui was sleeping when we visited her. 🐊🐊

Then, we walked to the floating bridge before going to the Butterfly Garden. We could see tides comes and goes and could find crabs and mudskippers there. 🦋

There was a good place for tourists to observe beautiful butterflies🦋 in the Butterfly Garden. There were over 200 species in this garden. We saw a lot of beautiful butterflies. "Look! There are swallow tail butterflies! They are big, beautiful and colourful!" I shouted. "They look like fairies🧚 dancing in the sky!" Chris cried. They were picking nectars while we were taking photos of them.📷

We were amused in the Hong Kong Wetland Park because we could see the famous crocodile "Pui Pui", butterflies, uca arcuata, mudskippers, birds and many species of trees🌳 and flowers🌸. We were excited and happy.

After that, we went to Hong Kong Disneyland by bus🚌 and then by MTR. We boarded the Disneyland Resort Line at the Sunny Bay Station of Tung Chung Line. We could find many famous characters there. Our favourite characters were Mickey and Minnie. We walked to the Main Street USA and bought Mickey's waffle🍩 and popcorn. The food smelt nice and delicious!😊🍿

P.4

Next, we took the railroad to the Fantasyland. We played many riders such as Mickey's Philhar Magic where we could see 4D special events 🎪. We played Dumbo the Flying Elephant, Mad Tea Party and Cinderella's Carousel too 🎠. They were extremely exciting. 😄

***After that,
we went to the
Tarzan's
Treehouse of
Adventureland
where we could
see the cottage,
study places,
laboratory,
kitchen etc. It was
amazing.***

Of course we did not miss the night performance in front of the Cinderella's Carousel. The fireworks 🎆, the light sculpture animations ✨ and other special effects created the wonderful show.

"Oh! Mickey Mouse is coming!"
Chris shouted when he saw Mickey! We took a lot of photos with 'him'. We were surprised and amused.

At last, we took the MTR back to his hotel. I bought a Mickey Mouse doll to him and he was very excited. The trip was fantastic and memorable. I looked forward to his next visit to Hong Kong in the very near future.

Chris,
Hope you will come to
Hong Kong again!
