

3rd BCM-CUHK-PUMCH Joint Symposium in Clinical Genetics: Pre-Congress Workshop

Mosaicism

(2:00pm-6:00pm, 12 April 2019)

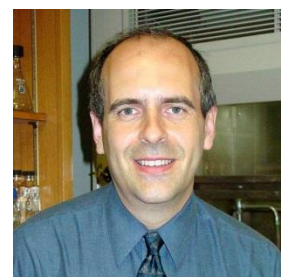

Scientific Program

Time	Topic	Speaker
1400-1415	Definition and Classification	TY Leung
1415-1445	Chromosomal Mosaicism and phenotypes	C Bacino
1445-1510	Mosaicism: Diagnostic by cytogenetic method	SW Cheung
1510-1535	Mosaicism: Diagnosis by molecular genetic method	SW Cheung
1535-1555	Gonadal mosaicism	C Bacino
1555-1610	Tea break	
1610-1640	Mosaicism and NIPT + Confined placental mosaicism and phenotypes	TY Leung
1640-1700	Single gene mutation and mosaicism	F Scaglia
1700-1730	Mosaicism and in vitro culture	SW Cheung
1730-1750	Mosaicism and Pre-implantation embryos	R Choy

Overseas Conductors/Speakers

Carlos A. Bacino, MD, FACMG
Professor, Vice Chair Clinical Affairs
Molecular and Human Genetics,
Baylor College of Medicine
Director, Pediatric Clinical Genetics Service,
Texas Children's Hospital

Sau-Wai Cheung, Ph.D., M.B.A.
Professor, Molecular and Human Genetics
Baylor College of Medicine

Fernando Scaglia, MD
Professor, Molecular and Human Genetics
Baylor College of Medicine
