

Department of Chemistry
The Chinese University of Hong Kong

Non-credit-bearing Summer Internship Programme 2020

Aims of Internship:

- To enhance students' understanding of the careers they are interested in
- To equip students with the essential skills for future careers
- To provide opportunities for students to practise in real-world environments
- To expand job opportunities for students
- To provide a platform for recruiters to connect and interact with targeted students

Duration:

A minimum of 8 weeks from May to August (*depending on the requirement of the recruiter*)

Eligibility of Applicant:

For Year 2 and 3 Chemistry major students

Nature of Internship (local/non-local):

- ~~Educational (in tertiary/secondary/primary schools)~~
- Industrial (in testing laboratory, manufacturer, etc.)

Financial Aid:

Subsidiary from recruiter is optional. Subsidiary from the Department of Chemistry is possible if deemed appropriate.

Schedule:

Dec 2019 – Jan 2020	Contact of Recruiters and Confirmation of Openings
March 2020	Briefing to Students by Internship Providers if Available
May 2020	(i) Submitting Applications (ii) Interviews by the Internship Providers*
May 2020	Confirmation of Internship Offers

** If requested by recruiters, the schedule may be adjusted for the openings offered by them.*

Obligation of Student Intern:

- Submitting a written report summarizing his/her working experience to the Department
- Submitting a writing to the Promotion Publications of the Department for sharing his/her experience
- Sharing his/her experience in future promotion events

Evaluation by recruiters:

Recruiters are invited to submit a brief evaluation of the performance of student interns and the outcomes of this programme.
