

**THE CHINESE UNIVERSITY OF HONG KONG  
FACULTY OF MEDICINE  
SCHOOL OF BIOMEDICAL SCIENCES**

**SBS PI Seminar Series 2022-2023**

**Prof. JIANG Yangzi**

Research Assistant Professor

Institute for Tissue Engineering and Regenerative Medicine /  
School of Biomedical Sciences, Faculty of Medicine, The Chinese University of Hong Kong

will present a seminar entitled

***“Cartilage Regeneration: An Orchestral of Cells, Growth Factors, and  
Microenvironment”***

Cartilage tissue damage usually does not heal on its own and causes joint problems. This seminar will report on our recently developed stem cell modulation technologies to enhance cartilage tissue regeneration.

**1 September 2022, Thursday, 4:00 – 5:00 pm**

Room G02, Lo Kwee-Seong Integrated Biomedical Sciences Building,  
Area 39, The Chinese University of Hong Kong / via ZOOM platform
