Building a Caring Campus – Collection of Caring Experiences and Inspirations

"Caring experiences" are happening everywhere on our campus. Since the start of our collection activity, many staff and students have been earnestly sharing their "caring experiences" with us. Here are some of their sharings:

My Caring Anecdotes...

- The senior students in the Department of Medicine helpfully shared their experience and taught us how to cope with different things and pressure.
- In orientation camps, the group leaders were really caring and helpful. They provided a lot of suggestions and advice regarding academic areas and inter-personal relationships

My Expectations towards a "Caring Campus" ...

- I expect a safe and healthy campus with harmonious relationships. For safe, we have to carefully cross the roads and drive safely on campus. When not feeling well, remember to wear masks. I also hope that everyone will not only focus on attaining good GPA, but also treasure the development of true friendships.
- I hope more talks and workshops with the theme of "Caring Campus" would be organized in CUHK. Students could also make good use of the game "Secret Angels" to build a better relationship with their schoolmates. All these perhaps can re-emphasize the importance of "caring".

My Personal Contribution to a "Caring Culture"...

- I think "respect" is one of the keys contributing to a "Caring Campus". For instance, I can show respect by making eye contact when chatting with others; I would also listen patiently without interruption. I hope others would also do the same to me.
- Politeness is very important to contributing to a "Caring Culture". Being polite is easy by remembering three magic words: "Please", "Thank you" and "Sorry".

Whether you are a staff or student, you are invited to express your gratitude to those who cared for you as well as share your joy in caring for others by sending us your thoughts and experiences on the following:

- Your personal experiences in which you felt being cared for and supported by the people around you
- Your expectations of a "Caring Campus", i.e. what you hope to experience or see on campus
- Your contribution in promoting a "Caring Culture" in CUHK

You can submit your contributions via a collection box located in the Student Services Centre, 1/F, Benjamin Franklin Centre or email to caringcampus@cuhk.edu.hk. Our Section reserves the right to edit and print your contributions.
