

CSCI2510 TBA Tutorial Session

- Due to the limited TA resources, we are not able to provide two parallel tutorial sessions.
- We will have a *TBA tutorial session* for CSCI2510.
 - Students (who have any courses collided with our Tuesday tutorial session) can still enroll in CSCI2510 by selecting it.
 - All the tutorials will be recorded for reviewing purposes.
 - Students can approach our TAs during their office hours.
