Assessment Plan

1. Tutorial group presentation and discussion (40%)

Students will be asked to form into groups in your tutorial class for your group assessment. The number of students in each group will depend on the size of the tutorial class. Each group will select a topic of interest that discusses a social phenomenon from a sociological perspective in either local, national, regional, and/or global context(s). Each group will then give a presentation on the chosen topic and lead a discussion with fellow classmates, which aim to promote better understanding on the topic. Further instruction will be announced to all students in the first tutorial session.

2. Short essay (30%)

Students will be asked to write a short essay about a topic concerning the relationship between individuals and societies. Students are expected to identify and apply the relevant concepts, theories, and perspectives learned in the course in completing the essay. Instructions for the short essay will be announced to all students at the beginning of the term.

Please be informed that alternative arrangement will only be considered on medical ground or special circumstances with relevant supporting document and approval.

Academic Honesty and Plagiarism

Attention is drawn to University policy and regulations on honesty in academic work, and to the disciplinary guidelines and procedures applicable to breaches of such policy and regulations. Details may be found at <http://www.cuhk.edu.hk/policy/academichonesty/>.

With each assignment, students will be required to submit a signed declaration that they are aware of these policies, regulations, guidelines and procedures.

- In the case of group projects, all members of the group should be asked to sign the declaration, each of whom is responsible and liable to disciplinary actions, irrespective of whether he/she has signed the declaration and whether he/she has contributed, directly or indirectly, to the problematic contents.
- For assignments in the form of a computer-generated document that is principally text-based and submitted via VeriGuide, the statement, in the form of a receipt, will be issued by the system upon students' uploading of the soft copy of the assignment.

Assignments without the properly signed declaration will not be graded by teachers.

Only the final version of the assignment should be submitted via VeriGuide.

The submission of a piece of work, or a part of a piece of work, for more than one purpose (e.g. to satisfy the requirements in two different courses) without declaration to this effect shall be regarded as having committed undeclared multiple submissions. It is common and acceptable to reuse a turn of phrase or a sentence or two from one's own work; but wholesale reuse is problematic. In any case, agreement from the course teacher(s) concerned should be obtained prior to the submission of the piece of work.
