### **RESEARCH INTERESTS**

Work-based Learning, Internships, Education, Work and Employment, Youth Studies,  
Community Engagement

## TEACHING EXPERIENCE

Social Gerontology (two semesters), Social Welfare and Problems in Hong Kong (one semester)

## RESEARCH GRANTS

12/2018 – 07/2019, Hong Kong Sociological Association Student-led Project, “Education, Practicum and Its Structure: The Accounts from Student Interns”, 5,000 HKD

*(Research output: Qualitative research findings are adopted in the existing assessment tool)*

## COMMUNITY PROJECTS & ENGAGEMENT

04/2021 – 08/2021, Chinese YMCA of Hong Kong, Dream Hunter Award, 「貓、貌、矛」, 10,000 HKD.

*(This project is built on my one and a half year volunteering experience serving our community cats at Lingnan University. The four proposed activities will bring students with actual experience as to what challenges volunteers are facing in this social context, and correspondingly, inviting new approaches to tackling those predicaments.*

*Another spotlight of this project is the engagement of one undergraduate student, preferably from the department of Sociology and Social Policy, as an intern, who will help facilitating group discussions and publishing his/her work pertaining to community development. I have consulted with experienced Lecturer on the design of programme and reading materials in order to get the student prepared)*

01/2017 – 12/2019, Co-founder of SenmilyHK, Youth Space, Yan Oi Tong

*(Co-founded in 2017, this is a sponsored social project that aims to serve families with special educational needs children in Tuen Mun. My role at that time involves liaising with community partners and parents. I had also been responsible for preparing materials for pre-test evaluations.)*
