Colloquium

On shape recovery
by minimum scattering measurements
and its applications

Professor Hongyu Liu
Department of Mathematics
Hong Kong Baptist University

Abstract: In this talk, the speaker shall report their recent progress on inverse scattering problems for acoustic, electromagnetic and elastic waves. The particular interest is concerned with the shape recovery, disregarding the content of the scatterer, by minimum scattering data. Some interesting applications shall also be discussed.

Date: Friday, 9 December 2016
Time: 4:30 p.m. – 5:30 p.m.
Venue: Rm 222, Lady Shaw Building,
         The Chinese University of Hong Kong, Shatin

All are Welcome!
