#### **BACKGROUND**

1996 MS Applied Mathematics (Inner Mongolia University)

1999 Ph D Physical Oceanography (Ocean University of Qingdao)

#### **Recent projects:**

2002-2005 Integrating technology of modularized applied remote sensing algorithm, Hi-Tech Research and Development Program of China.

2008-2010 Research on the internal wave detection model by using optical remote sensing image, project of National Natural Science Foundation of China
