For students who are being placed on the wait list of a particular course via CUSIS, if you do not want to take the course anymore, please remove your name from the wait list to avoid enrolling into the course unexpectedly. Moreover, please note that the wait list information under CUSIS will be removed after the course registration period since taking summer courses is optional. Hence, students must add the intended course again during the course add/drop period if they still wish to enrol the course.

MPhil/PhD students who are interested in taking the above language courses are required to submit the “CS-1 form” (obtained from Graduate School website) to the General Office of the Department of Linguistics and Modern Languages (G17, G/F, Leung Kau Kui Building). For students who have third language requirements, please submit the form to us from 10 May 2022 while students who do not have third language requirements, please submit the form to us from 11 May 2022. Please note that seats will be allocated on first-come, first-served basis.
