Promoting Active Learning to enhance students' competence

A major concern of our school during the 2018-2019 school year is to promote Active Learning among our students in order to enhance their competence. And to ensure success in our endeavor, we have sought professional support from "The Quality School Improvement Project (QSIP)", an initiative established under the Hong Kong Institute of Educational Research (HKIER) of the Chinese University of Hong Kong (CUHK). On Tuesday 28 August and subsequently on Monday 24 September, workshops were held during which the CUHK scholars advised our teachers on the pre-requisites and teaching skills necessary for turning students' Active Learning into reality. It is agreed that a main focus of our effort in the present school year is to help our girls to form the important and useful habit of preparing their own personalized notes, which is essential to effective revision and hence better performance in academic pursuit.

「主動學習」是本校2018-2019學年的關鍵發展項目之一，藉此提升學生的學習能力。本校參加由香港中文大學香港教育研究所籌辦的「優質學校改進計劃」，讓老師得到專業支援，以取得更佳成效。研究所的學者於8月28日(星期二)及9月24日(星期一)蒞臨本校主持工作坊，與老師們分享推動學生主動學習的先決條件和教學技巧。老師們均認同於本學年首先重點幫助學生養成摘錄筆記的習慣，從而提升學業表現。

專題講座 Talk

On Tuesday 28 August, Mr. Morton Chan Hung-cheong gave a talk entitled "Promoting Students' Active Learning – from Trend to Basics" to our teachers.

陳鴻昌先生於8月28日(星期二)為本校老師舉行專題講座，題目為「推動主動學習：由潮流到基本功」。
