

About the Jockey Club MEL Institute Project Certificate Training Course

The duration of the project phase two is three years, providing four rounds of training courses, two in each of the first two years. Each round includes courses of seven days within two months. Additionally, participants will be divided into teams for a four-month-long mentored practicum. The participants will gain practical knowledge and skills in programme evaluation to apply to their work, with coaching by experienced mentors. A pitch competition will follow the courses each year. Winning teams will be interviewed by a professional production team to produce best-practice videos to showcase their stories on the project's Online Knowledge Hub.

First round of training: Seven consecutive Thursdays starting from 16 February 2023

Second round of training: Seven consecutive Fridays starting from 17 February 2023

Time: 9:30am – 5:00pm

Location: (to be confirmed)

Jockey Club MEL Institute Project Certificate Training Course and Mentored Practicum for 2023 is now open for application. For more information, please watch our 3-minute promotion video:
