

ECON 4901
Guided Studies in Current Economic Problems II
Course Outline

ECON 4901 is divided into two parts. The first part contains two workshops that focus on research methodology and use of economic data. With this format, students are expected not only to gain basic knowledge in the design of an appropriate research project but also to improve their public speaking and overall writing abilities.

Students are required to submit both hardcopy and softcopy of their paper to the instructor.

Attention is drawn to University policy and regulations on honesty in academic work, and to the disciplinary guidelines and procedures applicable to breaches of such policy and regulations. Details may be found at <http://www.cuhk.edu.hk/policy/academichonesty/>.

With each assignment, students will be required to submit a signed [declaration](#) that they are aware of these policies, regulations, guidelines and procedures. For group projects, all students of the same group should be asked to sign on the declaration.

For assignments in the form of a computer-generated document that is principally text-based and submitted via VeriGuide, the statement, in the form of a receipt, will be issued by the system upon students' uploading of the soft copy of the assignment. Assignments without the receipt will not be graded by teachers. Only the final version of the assignment should be submitted via VeriGuide.

All STOT sections should follow strictly with this course assessment scheme. The range of grade distributions for the students' performance in each section should have reasonable variations. Moreover, the grade distribution should be in line with the guidelines set forth by the Registration and Examination Section.
