

*State–Firm Relations in Knowledge Sourcing for Regional Innovation: The Rise of the Robotics Industry in Dongguan, China**

Shali Zheng, Xiaozhen Qin, Calvin King Lam Chung, Muzhe Pan, and Xun Li

Abstract

Amidst a wave of automation in the manufacturing sector in China and around the world, the robotics industry has gained strength in Dongguan as a locomotive for the industrial upgrading of this “world’s factory.” Informed by the scholarship of regional innovation systems in

Shali Zheng is a PhD candidate in the School of Geography and Planning, and in the China Regional Coordinated Development and Rural Construction Institute, Sun Yat-sen University.

Xiaozhen Qin is a PhD candidate in the School of Geography and Planning, and in the China Regional Coordinated Development and Rural Construction Institute, Sun Yat-sen University.

Calvin King Lam Chung is Assistant Professor at the Department of Geography and Resource Management, The Chinese University of Hong Kong.

Muzhe Pan is a Master’s student in the School of Geography and Planning, and in the China Regional Coordinated Development and Rural Construction Institute, Sun Yat-sen University.

Xun Li is Professor in the School of Geography and Planning, and in the China Regional Coordinated Development and Rural Construction Institute, Sun Yat-sen University. Correspondence should be sent to lixun@mail.sysu.edu.cn.
