

Division of Earth System and Geoinformation Science

by Inter-Faculty

Graduate Division of Earth System and Geoinformation Science was established in September 2005 under the Institute of Space and Earth Information Science (ISEIS) so as to offer different programmes in fields of specialization in Geoinformation Science.

MPhil-PhD in Earth System and Geoinformation Science

Programme

MPhil Stream

- 1) Students are required to complete a minimum of 14 units for graduation, including a minimum of 8 units of required lecture courses and 6 units of elective lecture courses.
- 2) Thesis research course is required to take every term.
- 3) Students are required to submit a research thesis and pass an oral examination for graduation.

PhD Stream

- 1) Students are required to complete a minimum of 14 units for graduation, including a minimum of 8 units of required lecture courses and 6 units of elective lecture courses.
- 2) Thesis research course is required to take every term.
- 3) Students are required to submit a thesis proposal and make an oral presentation and defence on the thesis proposal.
- 4) Students are required to pass two comprehensive examinations within a period specified.

Please visit the Division's homepage for more information.

Fields of Specialization

- Earth System Science
- Cities and Metropolian Areas
- Society, Space and Environments
- Satellite Remote Sensing
- Geographic Information System

Admission Requirements

- 1) Applicants must meet the general qualifications required for admission to the Graduate School¹.
- 2) PhD applicants should possess an outstanding Bachelor's degree or a Master's degree in geoinformation science or a related subject.
- 3) MPhil applicants should hold the bachelor degree of Science, Engineering or Social Science.

Additional Application Information

- 1) PhD applicants are required to submit a study plan and to furnish proof of their research capability in the form of strong recommendations from their academic referees, or past publications.
- 2) MPhil applicants are required to submit a study plan for review.

Admission Advisor

Prof. KWAN Mei Po

Application Deadline

1 December 2022

For applicants who apply for PhD programme through the Hong Kong PhD Fellowship Scheme (HKPFS)

31 March 2023

For applicants who apply for PhD programme directly with CUHK
