1. College Introduction to Participants of Summer Institute 2016

More than 290 local and international students from Summer Institute 2016 attended our college introduction talk on 28th July. The participants were S.5 students (or equivalence) from different secondary and international schools who will apply to universities after summer holiday. They were partaking in a two-week summer programme organized by OAL which offered them opportunities to explore their interests in different disciplines before university application as well as to experience our university residential life. The College talk was delivered with the aim to introduce CUHK's unique college system, the vision and mission of our College as well as the key initiatives and programmes offered to these potential students.
