Through different little stories, she encouraged students to treasure what we have and don't take anything for granted.

We were grateful to have Dr. Lancelot Mui (梅維浩博士), Associate Dean of General Education and Lecturer at JC School of Public Health and Primary Care, moderating the Forum.

6. Ambassador of ECF Fairness Under the Sun

Climate change is not only an environmental issue, but also an issue about fairness. Producers in the least developed countries are the ones who suffer the consequences of climate change, yet they get the least help. Globally, Fairtrade Carbon Credits have been introduced to mitigate the effects of climate change. Locally, the Hong Kong government has recently launched the Feed-in Tariff Scheme and other renewable energy projects to tackle it. How fair are they?

ECF Fairness Under the Sun programme is now recruiting student ambassadors, who will be responsible for guiding community tours showcasing local solar power facilities and delivering education workshops, to raise public awareness of environmental issues from June to Dec 2019. Before the tours, students will receive 8 sessions of training about climate change, renewable energy, Fair Trade and related topics from Mar to May 2019. Application deadline of the programme: 28th Feb.
