## Sunny Review

1. College Forum: How can we use technology to improve population health? 如何用科技力量去改善人口健康? (Speaker: Professor Kelvin K.F. Tsoi 蔡錦輝教授)

The final College Forum of this semester, entitled “How can we use technology to improve population health? 如何用科技力量去改善人口健康?” was conducted by Professor Kelvin K.F. Tsoi (蔡錦輝教授), Associate Professor, The Jockey Club School of Public Health and Primary Care; Associate Dean of Students, Wu Yee Sun College, last Friday. Professor Tsoi discussed with students how artificial intelligence could help with data analysis in public health, and used his own project, DeepHealth, as an example demonstrating how data collection and analysis could help in blood pressure management in the community. He also shared with students the importance of widening one’s horizon in the university, and encourage students to explore the world through different exchange programmes.

We were grateful to have Professor Kam-fai Wong (黃錦輝教授), Associate Dean of Engineering; Professor, Department of Systems Engineering and Engineering Management; Associate Master of our College, for moderating the Forum.

## 2. Netflix Documentary Screening: The Social Dilemma

How much time do you spend on social media each day? Do you think you have addicted to it? A group of Sunnies watched a Netflix Documentary “The Social Dilemma” to know more the dark side of social media from the people that created it on 30<sup>th</sup> Mar 2022. Ms. Agnes Lam, Lecturer of the School of Journalism and Communication, then led a keen discussion among participants. It was advised that we should always fact check the information on the

internet and obtain information from more than one channel. We could also turn off notifications and uninstall unnecessary apps on our mobiles to escape the control of social media.

## 3. Change of Access to College Building

We are thankful for your understanding and cooperation all along for the adjustment of hostel arrangement in the rapidly evolving pandemic situation, with an aim to help lower the risk of transmission.

In view of the adoption of online module for University's teaching and learning and College's activities, College buildings and hostels are only accessible to those who have been approved with special hostel residence from 1<sup>st</sup> Mar 2022 onwards. The College will adopt the following preventive measures to safeguard your health with immediate effect.

- College buildings and hostels are only accessible to those who have been approved with special hostel residence from 1<sup>st</sup> Mar 2022 onwards.** Door access will only be granted to those who have obtained prior approvals to return to College under very special circumstances. Every resident must tap their CU Link Card for every entrance at the College Main Entrance.
- All learning and recreational facilities within the College campus have been closed from 24<sup>th</sup> Jan 2022 to minimize physical interactions and reduce the risks of infections. Student activities are to be held online.
- No visitors will be allowed to enter the hostels (WYS residents accessing hostel floors other than the one they reside are considered as visitors).** All residents must collect parcels on their own outside College main entrance. Courier will NOT be allowed to enter into College building or leave the parcels right outside College main entrance. Otherwise the parcels will be disposed.
- Please remain vigilant at all times. Wear surgical facial masks in common areas at all times (including hostel pantries, washrooms and hallways) and wash your hands frequently. No meals and social gatherings. Students should observe and comply with the latest government regulations on physical distancing.
- Any resident who has developed a fever and/or any respiratory symptom must inform Resident Tutors/Wardens immediately.

6. Residents are required to **report to the College immediately** via 3943 3941 or [info.wys@cuhk.edu.hk](mailto:info.wys@cuhk.edu.hk) under the following conditions, or reach out to the College via resident tutors or Wardens.
- Students are preliminarily tested positive or confirmed positive of COVID-19
  - Students are considered close contacts of confirmed cases and/or required to be isolated or quarantined
  - Students are under compulsory testing notice

We regard the health of our students and colleagues as our top priority in this critical time and expect that some inconveniences may be caused to you while adopting the above preventive and control measures. Your understanding and cooperation would therefore be much appreciated.

We wish every one of you stay healthy and safe.
