

Announcements/reminders for the academic year 2022-23

Table of content

Item	To:	Subject
1	ALL students	Class quota of MATH courses
2	ALL MATH students admitted <i>in 2019-20 or before</i>	Capstone courses (MATH4400, MATH4900)
3	ALL MIEG/BMED students admitted <i>in 2020-21 or before</i>	MATH2050
4	ALL MATH/BMED/MIEG students	MATH2050
5	ALL MIEG students admitted <i>in 2020-21 or before</i>	MATH2070, MATH2230
6	ALL MATH/BMED students	MATH2221
7	ALL MATH students	MATH2020, MATH2040
8	ALL MIEG students admitted <i>in 2021-22 or before</i>	MATH1050

1. To: ALL students

Subject: Class quota in MATH courses

Due to “social distancing” requirements, the quota of MATH courses, as displayed in CUSIS, will be strict. The department is extremely unlikely to be able to add you into a MATH class when the class is full according to CUSIS.

2. To: ALL MATH students admitted *in 2019-20 or before*

Subject: Capstone courses (MATH4400, MATH4900)

If you wish to graduate *by summer 2023*, you have to take a capstone course to fulfill graduation requirement. For detail, refer to the homepage

<https://www.math.cuhk.edu.hk/undergraduates/capstone-course-arrangements>

3. To: ALL MIEG/BMED students admitted *in 2020-21 or before*

Subject: MATH2050

If you intend to take MATH2050 in 2022-23, you are advised to do so in the first semester. It is unlikely that you will find any place in the section offered in the second semester 2022-23.

4. To: ALL MATH/BMED/MIEG students

Subject: MATH2050

The department will impose add-consent to both MATH2050A and MATH2050B after the course selection day. If you fall into the waiting list of a section, it will be entirely the department's decision into which section you may be added (if at all), without regard of your own preference.

5. To: ALL MIEG students admitted *in 2020-21 or before*

Subject: MATH2070, MATH2230.

If you intend to take MATH2070 and/or MATH2230 in 2022-23, you are advised to do so in the first semester. It is unlikely that you will find any place in the section offered in the second semester 2022-23.

6. To: ALL MATH/BMED students

Subject: MATH2221

Due to physical constraints of equipment, no student in the waiting list of any section of MATH2221 will be added to the respective section unless some other student originally registered in that section drops the course.

7. To: ALL MATH students

Subject: MATH2020, MATH2040

If you intend to take MATH2020 and/or MATH2040 in 2022-23, you are advised to do so in the first semester. Quota reserved for MATH students in the section offered in the second semester 2022-23 will be limited.

8. To: ALL MIEG students admitted *in 2021-22 or before*

Subject: MATH1050.

If you intend to take MATH1050 in 2022-23, you are advised to do so in the first semester. It is unlikely that you will find any place in the sections offered in the second semester 2022-23.
