

Biography

Professor Gavin Chit Tsui received his degrees in Canada - B.Sc. and M.Sc. from the University of Guelph (with Prof. William Tam) and Ph.D. from the University of Toronto (with Prof. Mark Lautens). He was a postdoctoral fellow with Prof. Benjamin List at the Max-Planck-Institut für Kohlenforschung in Germany. Professor Tsui is a recipient of the Humboldt-Bayer Postdoctoral Fellowship. He joined the faculty at CUHK as an Assistant Professor since 2015. His research interests centre on Organofluorine chemistry, metal-mediated reactions, homogeneous catalysis, ligand/catalyst design and medicinal chemistry.
