

**THE CHINESE UNIVERSITY OF HONG KONG
SCHOOL OF LIFE SCIENCES
BIOCHEMISTRY PROGRAMME**

CAREER TALK

Speakers: Dr. Erika Ngan and Ms Ann Chu Lai On

Date: 24 January 2011 (Monday)

Time: 7:00 pm to 8:30 pm

Venue: L1, Science Centre Lecture Theatre

Speakers' background:

Dr. Erika Ngan completed her Ph.D. degree in our Programme in 2008. She is currently working as an Account Executive at SGS, one of the major Multinational Inspection, Verification, Testing and Certification Companies in Hong Kong. In the talk, she is going to introduce what consumer product testing is, its role in trading and how it is even related to the environment. She will also discuss how science plays an important role in this expanding industry, which is considered as a priority industry in Hong Kong.

Ms Ann Chu Lai On completed her B.Sc. degree and M.Phil. degree in our Programme in 2002 and 2004 respectively. She worked as Laboratory Technical Assistant in Government Laboratory in 2005-06. She is currently Senior Researcher in the Research and Development Section of a private company DiagCor Bioscience Inc. Ltd.
