

The Chinese University of Hong Kong
Department of Chemistry

Research Seminar Series

Jointly Organized by
Department of Chemistry
and
The Chinese University of Hong Kong (Shenzhen)

Speaker: Professor Martin G. Banwell
Honorary Professor
Research School of Chemistry
Australian National University
&
Director
Institute for Advanced and Applied Chemical Synthesis
Jinan University

Title: *Studies in Natural Products Synthesis – Pathways to Biologically Active Systems*

Date: 24 September 2021 (Friday)

Time: 4:30 p.m.

Join Zoom Meeting:

Meeting ID: 910 2562 9253
Passcode: 536788

ALL ARE WELCOME

Contact Person:
Prof. Henry N.C. Wong

School of Science and Engineering
The Chinese University of Hong Kong (Shenzhen)
Department of Chemistry
The Chinese University of Hong Kong

Date and time: 9/24 4:30 – 5:30 pm

Zoom Meeting ID: 910 2562 9253

Passcode: 536788

Studies in Natural Products Synthesis

Pathways to Biologically Active Systems

Martin Banwell

Martin Banwell graduated from Victoria University of Wellington with a BSc (Hons) and PhD and has since held positions at Ohio State University (1979-1980), The University of Adelaide (1980-1981), The University of Auckland (1982-1986), The University of Melbourne (1986-1992), ETH Zurich (1991-1992), The University of Melbourne (1993-1994) before his appointment as Senior Fellow at The Research School of Chemistry, Australian National University in 1995. In 2019, he established the Institute for Advanced and Applied Chemical Synthesis (IAACS) at the Jinan University, China where he was appointed as the first director.

Host Professor:
Professor Henry N. C. Wong
