香港中文大學五十年
50th Anniversary of CUHK

The emblem of the University is the mythical Chinese bird *feng* (鳳) which has been regarded as the Bird of the South since the Han dynasty. It is a symbol of nobility, beauty, loyalty and majesty. The University colours are purple and gold, representing devotion and loyalty, and perseverance and resolution, respectively.

The motto of the University is '博文約禮' or 'Through learning and temperance to virtue'.

These words of Confucius have long been considered a principal precept of his teaching. It is recorded in the *Analects of Confucius* that the Master says, 'The superior man, extensively studying all learning, and keeping himself under the restraint of the rules of propriety, may thus likewise not overstep what is right.' (Legg's version of the *Four Books*)

In choosing '博文約禮' as its motto, the University is laying equal emphasis on the intellectual and moral aspects of education.

The University

Origin

The University has its origin in three post-secondary colleges: New Asia College (founded 1949), Chung Chi College (founded 1951), and The United College of Hong Kong (founded 1956), which drew, in their early days, a sizeable proportion of their teachers and some of their students from mainland China.

In 1957, these three Colleges came together to form the Chinese Colleges Joint Council with the objective of securing government recognition of their efforts in providing higher education for the young people of Hong Kong. In 1959, Mr. John S. Fulton (later Lord Fulton of Falmer) was invited to advise on the general lines of development for the three Colleges as a whole. In 1960, the government introduced the Post-Secondary Colleges Ordinance and Regulations, which approved financial support to the three Colleges with a view to raising their academic standards.

In 1961, a University Preparatory Committee, chaired by Dr. the Hon. Sir Cho-yiu Kwan, was appointed to advise on sites and buildings, and matters relating to the establishment of the University. A group of advisers from Britain and the United States visited Hong Kong in the same year to advise the Colleges on the development of university level courses in arts, science, commerce, and social science. The report of these advisers was encouraging, and in 1962 the government appointed a commission under the chairmanship of Mr. John S. Fulton to consider and determine whether and how a Chinese university could be created from the three Colleges.

The Report of the Fulton Commission, known as the *Fulton Report* and published in April 1963, recommended the establishment of a new university. Shortly after its publication, the *Report* was approved in principle by the government. A Provisional Council was set up in June 1963, and The Chinese University of Hong Kong Ordinance and Statutes were enacted in September of the same year. On 17 October 1963 the University was formally inaugurated.

The Ordinance

In November 1975, the Chancellor of the University appointed an external commission to review the constitutional arrangements governing the University and its constituent Colleges. Lord Fulton of Falmer was again invited to serve as chairman of the commission.

The second *Fulton Report* was submitted to the Chancellor in March 1976 and published in May. The *Report* recommended important changes to the constitutional arrangements governing the University and the Colleges. Under the new arrangements proposed by the commission, the University would be responsible for academic and development policy, financial management, the matriculation of students, the appointment of staff, the determination of the curriculum, the conduct of examinations, and the award of degrees. The participation of senior academics in the governing bodies of the University would be strengthened. In addition, the *Report* recommended that the University should strive to strike a balance between ‘subject-orientated’ teaching and small group ‘student-orientated’ teaching, and that the latter should be entrusted to the Colleges. This ‘student-orientated’ teaching would be designed to build in the students habits and frames of mind required of experts in their chosen fields and to equip them with the necessary skills for meeting new challenges in a rapidly changing world. A new ordinance to give effect to the recommendations in the second *Fulton Report* was enacted in December 1976.

In 1986 the University received a generous donation from the Shaw Foundation (Hong Kong) Ltd. for the specific purpose of establishing a fourth College, Shaw College. The Ordinance and the Statutes were further revised to provide for its establishment, and it began admitting students in September 1988.

The University cherishes its college system and the vital roles played by its constituent Colleges. To cater for the addition of more than 3,000 undergraduate students upon reversion to a four-year undergraduate curriculum in 2012, the University decided to establish more Colleges. With very generous support from a number of patrons, the University established Morningside College and S.H. Ho College in May 2006, C.W. Chu College and Wu Yee Sun College in May 2007, and Lee Woo Sing College in October 2007. In July 2007, the University has by Ordinance, in accordance with a special resolution of the Council, declared Morningside College and S.H. Ho College as constituent Colleges of the University. In February 2008, an Ordinance for the declaration of C.W. Chu College, Wu Yee Sun College, and Lee Woo Sing College as constituent Colleges of the University was enacted by the Legislative Council.

The Ordinance and the Statutes of the University are printed in Part 7 of this *Calendar*.

Academic Structure and Policy

The Chinese University of Hong Kong is a growing university offering a wide range of full-time and part-time programmes which lead to bachelor's degrees, master's degrees, and doctorates.

There are eight Faculties (Arts, Business Administration, Education, Engineering, Law, Medicine, Science, and Social Science), and 58 departments/schools offering 58 major programmes and 66 minor programmes under the three-year curriculum, and 68 major programmes and 65 minor programmes under the four-year curriculum for undergraduate students.

Postgraduate programmes including 38 MPhil–PhD programmes, 35 doctoral programmes, 168 master's programmes, 22 postgraduate diploma programmes, and one postgraduate certificate programme are offered by the Graduate School through its 58 graduate divisions.

The Senate regulates instruction, education and research. The Faculties advise the Senate through the faculty boards on the programmes of study recommended by the departments/schools, which deliver disciplinary teaching. The Colleges, in turn, support the broader development of students as whole persons in addition to the provision of residential accommodation. All teaching staff and full-time undergraduate students, with a few exception of teachers belonging to research institutes or centres, belong to both a Faculty and to a College.

■ Undergraduate Studies

At its inception the University's undergraduate curriculum was based on a combination of the credit unit system and the degree examination system. After a comprehensive review in the mid-1980s, the University decided to adopt a pure credit-unit-based curriculum structure. From 1991–92 onwards, greater flexibility was introduced into students' selection of courses and pace of study.

Full-time Undergraduate Studies

Throughout the years the University has endeavoured to provide a wide variety of programmes to meet the changing needs of society. In 2013–14, two major and one minor programmes are introduced under the four-year curriculum:

Programme Title	Faculty/Centre	Major/Minor
Bachelor of Science Programme in Community Health Practice	Medicine	Major
Bachelor of Arts/Bachelor of Social Science Programme in Contemporary China Studies	Centre for China Studies	Major
Cultural Management	Arts	Minor

Among these programmes, the Bachelor of Science Programme in Community Health Practice is for articulation by associate degree/higher diploma holders.

■ Postgraduate Studies

Master's programmes were first offered in 1966–67, and the number of programmes in 2013–14 is 168. Doctoral programmes were first introduced in 1980–81 and the number of programmes is 35 in 2013–14. MPhil–PhD programmes were first introduced in 2004–05, and the number of programmes is 38 in 2013–14. In addition, 22 postgraduate diploma programmes and one postgraduate certificate programme are offered.

Research and Development

CUHK fosters the development of quality research over a broad front in all its eight Faculties. It provides opportunities for advancement in the pursuit of human knowledge, and for academic staff to undertake consultancy and collaborative projects with industry. A number of research institutes have been established by the University with financial support and other research infrastructure provided.

While encouraging both basic and applied research in all academic areas, the University also realizes that it is important to achieve excellence and world-wide impact. As part of its Strategic Plan adopted in January 2006, the University has identified Five Major Areas under its Focused Investments Scheme. These areas, selected by the University taking into account both its overall strategy and specific opportunities for funding support, are Chinese Studies, Biomedical Sciences, Information Sciences, Economics and Finance, and Geoinformation and Earth Sciences. In the six University Grants Committee (UGC) 'Areas of Excellence' exercises, CUHK has been successful in securing significant support from the UGC in the areas of plant and agricultural biotechnology, Chinese medicine research and further development, Centre for Research into Circulating Fetal Nucleic Acids, Historical Anthropology of Chinese Society, Institute of Network Coding, Centre for Organelle Biogenesis and Function, and information technology. The multidisciplinary teams aimed for good progress in their respective research areas.

At the national level, four State Key Laboratories Partner Laboratories have also been established at CUHK. The State Key Laboratory of Oncology in South China (CUHK), established in 2006, conducts research into the biology and early detection of cancers particularly prevalent in Asian populations, and seeks to develop novel therapeutics for their treatment. The State Key Laboratory of Agrobiotechnology (CUHK), established in 2008, studies ways of improving

rice yields in China by improving the species of rice grown by Chinese farmers. Established in 2009, the State Key Laboratory of Phytochemistry and Plant Resources in West China (CUHK) conducts research into the modernization of traditional Chinese medicine and the application of biotechnology in medical science, while the State Key Laboratory of Synthetic Chemistry, established in 2010, advances inter-disciplinary basic research.

About one quarter of the government's annual allocation to the University in the form of block grants goes directly or indirectly to research. The University also relies heavily on different external funding sources to support research activities. The Research Grants Council remains the major sponsor of research. In the 2012–13 exercise, CUHK staff secured some HK\$143.5 million in the form of competitive grants. The high quality of research is also reflected in the many papers published in international and local refereed journals.

Other major sources of funding are the Quality Education Fund, the Innovation and Technology Fund, the Health and Medical Research Fund, the Health Care and Promotion Fund, and various private donations.

The University's Research Committee is one of the main bodies responsible for allocating internal funding for research. It is supported by eight subject panels, each consisting of up to 23 experienced researchers. In addition to allocation of research funding, it is also charged with the responsibility of evaluating and recommending project proposals for external grant applications. It is supported by the Research Administration Office, which is responsible for research administration as well as for implementation of policies for the enhancement of the University's research portfolio.

Knowledge Transfer

Knowledge transfer (KT) in CUHK encompasses an extensive scope of activities that include contracting, licensing, protecting and utilizing intellectual property, organizing public as well as specialized events, and disseminating knowledge through various platforms. These activities take innovation from the high research-intensive knowledge base of the University to beyond academic journals and lecture theaters to end users in the industry and society, generating economic return and making social impact.

At CUHK, the Knowledge Transfer Office (KTO) is dedicated to promoting such interactions and partnership opportunities through policy implementation, marketing efforts, capacity building, and an enhanced initiative in entrepreneurship education. With indispensable support from the University Grants Committee (UGC), KTO organizes events and offers an array of funding schemes, with corroboration of case histories that are paramount to the

cultivation and sustainability of KT culture within the campus. The Knowledge Transfer Project Fund (KPF) witnesses an increasingly interdisciplinary effort among faculty members to engage with the community through different expertise. The Technology and Business Development Fund (TBF) encourages researchers to engage with industry end users at an early stage of technology development. The Professional Enhancement Fund (PEF) enables academics and researchers to take home and share among peers the international best practices in KT, in sciences as well as in the arts and humanities. The Patent Application Fund (PAF) continues to protect inventions derived from the university.

In an increasingly knowledge-driven global economy, the transfer of invention and innovation through spin-offs and start-ups plays a key role in linking science to markets. In May of 2013, with the joint effort of the University's Centre for Entrepreneurship, the Centre for Innovation and Technology, and KTO, the Advancing CUHK Entrepreneurship Hub (ACE Hub) was launched. The support that KTO provides in negotiating licensing deals for the Committee on University Subsidiaries and Spin-off Companies helps foster an infrastructure of linkages among the industry, academic and research base. We focus not only on building new bridges through start-ups, but also bridging gaps between incumbent firms and the knowledge base.

Finance

Funding from the Hong Kong SAR government is the main source of income and constitutes 58% of the University's revenue for capital and recurrent expenses. Income from tuition, programme and other fee, being the next important source of revenue, accounts for about 27% of total income. In addition, the University and its constituent Colleges have endowment funds at their disposal and also receive financial support from private donors for research and other designated purposes. The annual total income for the University is about HK\$5.7 billion.

Negotiations between the University and the government are conducted through University Grants Committee, which is the committee advising the government on the financial requirements of the University.

Lands and Buildings

The University campus, measuring 137 hectares including the newly granted land in Area 39, is located on a tract of land under lease from the government north of downtown Sha Tin in the New Territories. It commands a scenic view of Tolo Harbour to the north and Tide Cove to the east.

The campus varies in elevation from 4.4 to 140 metres above sea level and has been carved from a rocky promontory into a number of plateaux to provide the sites for buildings of the University and its Colleges, as well as blocks of staff residences.

To date, there are over 150 buildings, large or small, have been erected on this once barren hillside.

Buildings for central activities, Morningside College and S.H. Ho College are located mainly at the mid-level. The expanse of land in the valley next to the University Station of the Mass Transit Railway (East Rail Line) is the campus of Chung Chi College. At the highest level are United College and New Asia College while Shaw College occupies the northwest tip of the University campus.

Around the tree-lined University Mall and the University Square clustering the following buildings: the University Administration Building, the University Library and the Library Extension, the Tin Ka Ping Building (mainly an extension of the library), the Institute of Chinese Studies and the Art Museum, the Sui-Loong Pao Building (housing offices of the Registry Services, and Admissions and Financial Aid), the Pi Ch'iu Building (housing the Information Technology Services Centre), the Y.C. By the main entrance on Tai Po Road stands the Security and Transport Building whilst blocks of staff quarters, postgraduate halls and international houses dot the hilly slopes to the north, including the Lee Woo Sing College and Wu Yee Sun College under construction. The C.W. Chu College under construction is at the toe of the slope. Further north at Area 39, the University's research hub, is the Lo Kwee-Seong Integrated Biomedical Sciences Building.

Descending towards the bay, one finds the Pentecostal Mission Hall Complex (a student hostel for Chung Chi College), Morningside College and S.H. Ho College, the University Sports Centre, the Kwok Sports Building, the Jockey Club Postgraduate Hall, and on the waterfront, the Institute of Biotechnology and the Simon F.S. Li Building (Simon F.S. Li Marine Science Laboratory).

Flanking the road to the University Station are the Shanghai Fraternity Association Research Services Centre, the Fong Shu Chuen Building and Fong Yun Wah Hall (housing a Chinese language centre), three newly completed buildings, namely Yasumoto International Academic Park (lecture theatres, conference and exhibition areas, and housing the Office of Admissions and Financial Aid, the Office of Academic Links and the Office of Academic Links (China)), Wu Ho Man Yuen Building and an integrated teaching building (School of Architecture). The clinical departments of the Faculty of Medicine are housed in the Lui Che Woo Clinical Sciences Building, the Li Ka Shing Medical Sciences Building and the Postgraduate Education Centre at the Prince of Wales Hospital, the regional hospital of the Eastern New Territories at Sha Tin, located about eight kilometres from the main campus.

Residential Accommodation

The University provides several types of accommodation for staff members, academic visitors and students.

■ Guest Houses

The University Guest House provides hospitality and catering for guests on short periods of stay in the University, together with the Chan Kwan Tung Inter-University Hall, which provide 43 rooms.

■ Student Hostels

The University and its constituent Colleges operate a number of hostels for students who wish to live on campus.

Chung Chi College has nine hostels: Hua Lien Tang, Lee Shu Pui Hall, Madam S.H. Ho Hall, Ming Hua Tang, Pentecostal Mission Hall Complex, Theology Building, Wen Chih Tang, Wen Lin Tang, and Ying Lin Tang, which together provide some 1,410 places. At New Asia College, Chih Hsing Hall, Daisy Li Hall, Grace Tien Hall, and Xuesi Hall can accommodate nearly 1,070 students. Liaison with the World of Learning

The University has since its inception in 1963 striven to cross-fertilize Chinese and Western academic and cultural traditions. To this end, the University has over the years established and maintained partnerships with a large number of institutions around the world, including universities, research institutes, centres of learning, governmental agencies and regional and international associations of higher learning.

The University is a member of a number of associations and networks which serves as a platform for forming partnerships, exchanging ideas and knowledge for teaching and research, and promoting cultural exchange. These include the Worldwide Universities Network, the Asia-Pacific Association for International Education, the Association of University Presidents of China, and the Association of Commonwealth Universities.

To ensure the University's academic priorities are supported through partnerships and programmes with institutions outside Hong Kong, the Committee on Academic Links was established in 1991 to formulate policy guidelines for academic links development. Academic linkages and programmes at the University are managed by two offices: the Office of Academic Links and the Office of Academic Links (China). The former is responsible for the coordination of student exchange programmes and for the University's academic linkages on the international front while the latter is responsible for academic linkages on the mainland and in Taiwan.

■ Student Exchanges

The University's first student exchange programme was launched in 1965 with the University of California system. Since then student exchange programmes have been established with over 230 institutions. Besides the University of California system, exchange partners include the MIT and the University of Pennsylvania in the US, University of British Columbia and the University of Toronto in Canada, University College London and University of Sheffield in the UK, the University of Tokyo and Waseda University in Japan, the Australian National University and University of Sydney in Australia, and Tsinghua University and Peking University in China. There are also exchange agreements with universities in Austria, Belgium, Chile, Czech Republic, Denmark, Finland, France, Germany, India, Ireland, Italy, Korea, Mexico, Netherlands, New Zealand, Norway, Russia, Singapore, South Africa, Spain, Sweden, Switzerland, Taiwan, Turkey and Thailand.

During the academic year 2012–13 some 880 CUHK students participated in student exchange programmes for one term or one academic year. In addition to this, around 3,000 students undertook short-term study, research or internship opportunities outside Hong Kong.

CUHK welcomes many international students on exchange each year. The campus is internationalized as local and international students study, live and engage in activities together. Over 1,100 international students came to study at CUHK during 2012–13.

■ International Links

In pursuant to the University's aspiration to become a leading university in China and the region, and the international university of choice in East Asia, the Office of Academic Links serves as the University's international relations arm, forging alliances with international universities, institutions, foundations and governmental organizations.

The office coordinates all international partnerships and agreements at the University and is responsible for establishing many new international academic initiatives each year. The University currently has over 500 active agreements with institutions abroad.

The office hosts some 150 visiting delegations from abroad each year, many such visits leading to collaborative teaching and research projects. In addition, it actively participates in international higher education conferences and visits overseas institutions to promote CUHK abroad.

The University joined the Worldwide Universities Network (WUN) in 2011 as the first member university in Hong Kong. The office coordinates activities within the Network and promotes academic and research collaborations with the member institutions.

The Office of Academic Links coordinates a number of fellowships and awards made available to the University's teaching and research staff and research students. Some of these include the Global Scholarships for Research Excellence, PhD Student Exchange Programmes, and Short-term Faculty Exchange Programmes.

Within the University, the office assists individual units and overseas institutions to identify common areas of interest in teaching and research and provides advice in realizing joint research, teaching and other academic initiatives.

■ China Links

The University has consistently developed academic links and research collaboration with educational and research institutions on the mainland and in Taiwan. Both the scope and the mode of exchange activities have expanded considerably over the years.

A variety of academic exchange agreements have been concluded by the University or its academic departments with mainland and Taiwan institutions. These include memoranda for research and teaching collaboration, faculty and student exchange programmes, and joint academic activities. Major partners

of CUHK include the Chinese Academy of Sciences (CAS), Fudan University, Nanjing University, Peking University, Shanghai Jiao Tong University, Sun Yat-sen University, Tsinghua University, Xi'an Jiaotong University, Zhejiang University and Taiwan University.

Each year the University receives over 230 delegations comprising over 3,500 visitors and visiting scholars from the mainland and Taiwan. Members of the University go on academic visits to institutions on the mainland and in Taiwan via various channels such as Vice-Chancellor or Pro-Vice-Chancellor led delegations, University Exchange Fund supported visits, conference attendance and executive interflow delegations.

The University works closely with mainland institutions on a wide spectrum of research collaborations. These include joint research projects and the setting up of around more than 40 joint research centres/institutes/laboratories. Currently the University has established four State Key Laboratories Partner Laboratories as approved by the State Ministry of Science and Technology, namely, State Key Laboratory of Oncology in South China (CUHK), State Key Laboratory of Agrobiotechnology (CUHK), State Key Laboratory of Phytochemistry and Plant Resources in West China (CUHK), and State Key Laboratory of Synthetic Chemistry. The University also established Key Laboratories under the State Ministry of Education (MoE), including CUHK-Jinan University MoE Key Laboratory for Regenerative Medicine, CUHK-Microsoft MoE Key Laboratory of Human-Centric Computing and Interface Technologies, and MoE Key Laboratory of High Confidence Software Technologies (Sub-Laboratory, CUHK). The Chinese University of Hong Kong-Sun Yat-sen University Centre for Historical Anthropology was set up as the first extension unit of 'Key Research Institute in Humanities and Social Sciences' under the MoE in CUHK and Hong Kong. With the aim of forging synergistic research, a tripartite collaboration was developed among CUHK, Tsinghua University and MIT to establish the Tsinghua-MIT-CUHK Joint Center for Theoretical Computer Science. CUHK also collaborated with Nanjing University and Taiwan Central University to establish Cross-Strait Green University Consortium. By teaming up with the best universities in China, CUHK can complement each other, maximize its respective strengths and promote high-standard scientific research.

The University and its academic departments constantly organize joint academic activities, such as academic symposia, conferences and summits. Examples include an academic symposium jointly organized with the National Natural Science Foundation and the lecture series by the academicians of Chinese Academy of Sciences, the Chinese Academy of Engineering and Academia Sinica, and by the scholars of the Chinese Academy of Social Sciences. Other academic and executive exchange activities included Writers@CUHK, China Links Seminar, Interflow Programme for Mainland Academic Exchange Executives under the Ministry of Education, Summer Programme for Executives from Mainland Universities and Mainland and Taiwan Visiting

Scholar Scheme. Important public lectures conducted at CUHK are also broadcast live online at its close partner institutions on the mainland and in Taiwan.

Student interflow activities are actively promoted at university, college and faculty levels. CUHK students participate in short-term exchange visits to the mainland and Taiwan, and the University also receives student delegations and organizes interflow activities, Summer Placement Programme and Research Training Programme for Mainland and Taiwan students.

In response to rapid economic growth and the need for high-calibre management executives in Greater China, the University has launched a number of joint postgraduate programmes with its close partners including Peking University, Tsinghua University, and Shanghai National Accounting Institute. The University is also involved in providing training courses to governmental agencies, business sector and universities on the mainland.

The University collaborates with the Shenzhen Municipal Government in promoting linkages with Shenzhen in education, science research, training of talent. University's Beijing Liaison Office and Shanghai Collaboration Centre, located in Peking University and CUHK-CAS Shanghai Branch respectively, render assistance to exchange activities on the mainland and help enhance co-operation with mainland institutions.

The Constituent Colleges

With the reorganization of the University following the enactment of The Chinese University of Hong Kong Ordinance 1976, the Boards of Trustees of the three original Colleges, viz. Chung Chi College, New Asia College, and The United College of Hong Kong, were reconstituted. Each college board is mainly concerned with the management of the movable property and of certain College buildings entrusted to it, as well as the promotion of scholastic and cultural activities of the College.

Each College is governed by an Assembly of Fellows chaired by the College Head/Master, and this assembly is responsible for making and implementing decisions on various matters relating to the College.

In January 1986 the University received a very generous donation from the Shaw Foundation (Hong Kong) Ltd. for the establishment of Shaw College with Sir Run Run Shaw as its patron. The Chinese University of Hong Kong (Declaration of Shaw College) Ordinance was enacted in July 1986. Shaw College admitted its first batch of students in 1988.

In 2006, the University received very generous donations from the Morningside Foundation and Morningside Education Foundation Ltd., and from the S.H. Ho Foundation Ltd. in support of its visions to enhance the collegiate system in anticipation of the surge in undergraduate enrolment in 2012 when the University reverts to a normative four-year curriculum. In May the same year, the University Council endorsed the establishing of two new Colleges and named them respectively as Morningside College and S.H. Ho College.

In May 2007, C.W. Chu College and Wu Yee Sun College were established with generous donations from benefactors and Wu Yee Sun Charitable Foundation Ltd., respectively.

In October 2007, the University Council further approved the establishment of Lee Woo Sing College with very generous support from the Li Foundation (Bing Hua Tang).

To give legal effect to the establishment of the five new Colleges, The Chinese University of Hong Kong (Declaration of Morningside College and S.H. Ho College as Constituent Colleges) Ordinance was enacted in July 2007, and The Chinese University of Hong Kong (Declaration of C.W. Chu College, Wu Yee Sun College and Lee Woo Sing College as Constituent Colleges) Ordinance was enacted in February 2008.

Chung Chi College

Chung Chi College was founded in 1951 by the representatives of Protestant churches in Hong Kong to meet the need for a local institution of higher learning. The College aims to provide further education in accordance with Christian traditions so that its students can develop an open-mindedness along with a thorough understanding and appreciation of both Western and Chinese cultures. In 1955, it was formally incorporated under an ordinance of the government.

The College had a very modest beginning with borrowed and rented premises, first in the St. John's Cathedral and St. Paul's Co-educational College, then at No. 147, Caine Road and in the Bishop Hoare Memorial Building on Lower Albert Road. Expansion was made possible by financial help from church organizations in North America and Britain. Local churches, firms, and private individuals also gave considerable support. In 1956 the College moved to its permanent site in the Ma Liu Shui valley. Between 1959 and 1963 the College received the bulk of its funds from the government. In 1963 the College was incorporated as one of the three founding Colleges of The Chinese University of Hong Kong.

The College has its own Chaplaincy Office to promote activities which include assemblies, Sunday worship services, and Christian fellowship programmes, and later established a Theology Unit (now named Divinity School) for the training of Christian ministers.

Academic and cultural activities are regularly organized for both staff and students of the College. They include seminars, college life luncheon talks, education conferences, the Siu Lien Ling Wong Visiting Fellows Programme, Hop Wai Art and Cultural Programme, and various exchange and visitor programmes.

Students are also encouraged to take part in extracurricular activities organized by the College students union, departmental societies, class societies, various interest groups, the non-residential hall student society, and student hostel associations. Various student development programmes, such as student visitor programme, student exchange programme, language enhancement programme, learning arts programme, Quality Activity Award Scheme, outward bound training programme, mentor programme, service learning programme, Overseas e-Mentoring Programme, Sung Sheung Hong Creativity Award, and ‘Dreaming Through Chung Chi’ programme, exploration trips to France/Germany, summer overseas internship programme and summer study abroad programme, are designed to provide students with more learning opportunities in the pursuit of a balanced education. A wide array of scholarships, financial aid schemes and awards are offered to encourage students to excel in their academic pursuits as well as to participate in College educational activities.

In 2012–13 Chung Chi College had a student population of 3,279, of whom 1,510 were male and 1,769 female. About one-third of the students were Christians.

New Asia College

New Asia College was founded in 1949 by Mr. Ch'ien Mu and a group of scholars from mainland China. The College aims to preserve traditional Chinese culture and to balance it with the Western learning so that students may understand their cultural heritage and at the same time be capable of coping with the challenges of the modern world.

The College has a humble beginning but soon gained public and private support both locally and overseas. Set up in 1959 as a grant college, New

Asia College became one of the three constituent Colleges of The Chinese University of Hong Kong in 1963. In August 1973, New Asia College moved to the campus in Sha Tin.

To enrich the cultural and academic life on campus, New Asia College organizes scholarly visits and various cultural activities throughout the year under different programmes such as Ch'ien Mu Lecture in History and Culture, Yu Ying-shih Lecture in History, New Asia Lectures on Contemporary China, New Asia Lectures on Confucianism, United Asia Finance Visiting Scholars Programme, S.Y. Chung Visiting Fellows Programme, and Y.S. Hui Exchange Programme in Fine Arts. Renowned scholars are invited to deliver academic and cultural talks.

In enhancing intercultural exchanges and fostering global understanding, New Asia College has established various exchange programmes with overseas institutions. Since 1993, the College has organized New Asia College-Yale University Student Exchange Programme to enhance students' understanding of the social, cultural and scientific issues in the two regions. New Asia students may also enrich their international exposure by taking part in the College one-year/one-semester exchange programmes to Austria (University of Graz), China (Beijing Normal University), Czech Republic (University of Economics, Prague), Italy (Bocconi University), Japan (Asia University, Soka University and Kyoto Sangyo University), Korea (Ewha Womans University), Sweden (Malmo University), the United Kingdom (University of Oxford and University of Leeds), and the United States (Occidental College).

To further improve students' proficiency in both Chinese and English, the College launches the language enhancement programmes which include Spontaneous Attraction—Intensive Training on Presentation and Communication Skills, Social Cantonese Workshops, Social Putonghua Workshops, Social English Workshops, Putonghua Tables, Summer Putonghua Speaking Camp, English Summer Camp and intensive summer language courses held in mainland China and UK.

The College also organizes a wide variety of summer activities such as Student Leadership Development Programme, Summer Japanese Language Programme, New Asia-Yale Community Service Exchange, Summer Study Abroad at Cambridge and UC Berkeley, New Asia College-Hunan University Summer Exchange Programme, and Summer Internship Programme, enabling students to develop self-confidence and learn about the socio-cultural systems of other countries. The College actively supports students who would like to attend overseas summer programmes or conduct research projects. Numerous students receive College subsidies through Student Study Trip Scheme and Summer Research Grant Scheme to pursue learning opportunities in summer.

Besides, the College organizes the New Asia Young Scholars Scheme to increase students' knowledge of Chinese history and culture, and empower them to become responsible individuals towards society as well as equip them with qualities that contemporary intellectuals and leaders should possess. The students will participate in a series of training programmes, including training on leadership and public speaking skills, workshops on Chinese culture and various College activities.

New Asia has a student population of about 3,400 and around 40% of the students are provided with hostel accommodation. Since 2002, the College has been implementing the Guaranteed One-year Residence Scheme to ensure every student gets to experience hostel life.

A wide range of College scholarships totalling more than HK\$5 million are awarded to students who exhibit outstanding academic performance, actively participate in community/student service, demonstrate significant improvement in their studies or experience financial constraints.

New Asia alumni remain an important part of the College. The Mentorship Programme is enriched by many alumni who have committed themselves to sharing their valuable experiences with current students. The College has organized reunion activities for alumni who have graduated for 10 to 40 years with a view to further strengthening ties with them.

United College

The mission of the College is to realize its motto 'Make One's Virtues Shine and Renew the People', and to serve the people of Hong Kong, China, and the world through integrative education, pastoral care, and moral and spiritual enhancement of the young.

United College was founded in 1956 with the amalgamation of five post-secondary colleges: Canton Overseas College, Kwang Hsia College, Wah Kiu College, Wen Hua College, and Ping Jing College of Accountancy. The five colleges decided to pool their resources to provide quality tertiary education for local students. The United College of Hong Kong was incorporated under an ordinance of the government in 1957 with a board of trustees as its governing body.

United College became one of the founding Colleges of The Chinese University of Hong Kong in 1963. The College moved from Bonham Road on Hong Kong Island to its present site on the University campus in December 1971.

United College places strong emphasis on whole-person education and broadening the perspective of its students and enhancing their sense of social responsibility. United College's Distinguished Visiting Scholars Lectures, Annual Workshop and College Assemblies provide intellectual stimuli to

both students and staff. A wide range of activities, including those activities by the students' union and interest groups, Dr. Thomas Cheung Tutorial Scheme, Shum Choi Sang Mentorship Programme, the United College Mr. Fung Sun Kwan Whole Person Development Award Programme, leadership training, social services and incentive schemes, Group Sense Innovation and Entrepreneurial Project Award Programme, Toastmasters Club, organic farming and environmental protection events, drama, debate, art and cultural activities, and health series are organized. Through participation in these activities, students develop in personal and social aspects.

Students are given more opportunities to take part in overseas study tours, exchange programmes, as well as non-local cultural and language programmes under the College's Globe-oriented Active Learning (GOAL) Programme and a wide range of scholarships and awards. Eligible students also receive support to pursue postgraduate studies overseas. The Hostel Residence Grant and Off-campus Resident Grant are also established to provide subsidies to needy students for hostel fees or off-campus rental in order to encourage them to participate in college activities. In 2013–14, the total value of the College's scholarships, awards and financial aid approaches \$11 million, with more than 2,700 awards.

To provide pastoral care to students, the Dr. Thomas Cheung Tutorial Scheme was established for students to express their feelings, share their experience and help one another in a tutorial setting. The College also promotes moral education through the Shum Wai Yau Moral Education Scheme. To reinforce the College motto on 'Xin Min' and nurture students to help those in need, the College has launched a comprehensive social service programme. The programme provides students with various opportunities to engage in social service activities, and encourage them to complete a certain number of hours of social service during their study period.

In 2012–13, a total of 3,578 students were assigned to United College, of whom 1,628 were male and 1,950 female.

Shaw College

Shaw College was established in July 1986 through the generosity of Sir Run Run Shaw, a world-renowned philanthropist who kindly consented to become the patron of the College. The College is situated at the northwestern part of the University campus overlooking Tolo Harbour.

The College motto ‘Xiude Jiangxue’ is taken from a Confucian saying that highlights the cultivation of virtue and the pursuit of knowledge. The College slogan ‘Excellence with a Soul, Leadership with a Heart’ echoes the College motto. The College devotes much effort to developing students in domains, referred as ‘The Five Pillars’. They are ‘Nurturing Moral Character, Serving the Community, Caring for Motherland, Developing Global Perspective and Protecting the Environment’.

Shaw views non-formal education as an integral and essential part of university life. It offers a wide variety of general education courses with the aims of helping students adjust to University life and providing opportunities for experiential or service learning. College Assemblies, high table dinners and high tea workshops also form part of general education programme. Prominent speakers or persons with special life experiences are invited to talk to students in order to broaden their horizons.

To enhance international exposure, the College offers semester- or year-long overseas exchange opportunities to its students. The College also organizes a variety of overseas summer and winter programmes for cultural exposure, language learning, service to the needy or internship placement in mainland China and different parts of the world.

Under the Sir Run Run Shaw Distinguished Visiting Scholars Programme and the Distinguished Visiting Scholars Scheme, world-renowned scholars are invited to speak to students. Those who came in the past include Prof. Lee Yuen-tseh, Nobel Laureate in Chemistry; Prof. Yang Chen-ning, Nobel Laureate

in Physics; Prof. Yau Shing-tung, Fields Medalist and Wolf Prize Laureate; Prof. Andrew Chi-chih Yao, Turing Award Winner, and Prof. Charles K. Kao, Nobel Laureate in Physics and Father of Fibre Optics, etc. The College also organizes annually the Shaw Prize Lectures with Shaw laureates from the fields of astronomy, life science and medicine, and mathematical sciences as the speakers.

The College works hand-in-hand with student bodies to enrich campus life by organizing different kinds of activities. Annual large-scale student events include orientation camp, 'Shaw Lane' evening bazaar, College Founder's Day celebrations and a singing contest. There are also numerous extra-curricular activities organized by the College's student societies.

Besides recognizing academic excellence, the College also encourages non-academic achievements by establishing scholarships that reward active participation or outstanding performance in extra-curricular activities, community service, sports or possession of leadership and special talents.

There are a number of college facilities that cater for the needs of students and staff. The Multi-purpose Learning Centre at Huen Wing Ming Building is the place for students' self-study and group discussion. The Lecture Theatre auditorium is ideal for seminars and activities, and Yueh Chiao Art Gallery located in the theatre is used for exhibitions. Sports facilities include an indoor sports and multi-purpose hall, gymnasium, table tennis room, dancing room and outdoor tennis courts and a basketball/volleyball court. Others include, for example, a multimedia laboratory, music rooms and band room. There are also the HERBSnSENSES Chinese Medicinal Plants Garden, a barbecue site and an Alumni Trail lined with plaques engraved with the names of graduates.

Morningside College

Morningside College was established in 2006 with a generous and imaginative donation from the Morningside Foundation. The College is conveniently located near the University Sports Centre, and just minutes from University Station and various teaching, research and service facilities. Newly constructed student hostels and dining facilities command stunning views of Tolo Harbour. Prof. Sir James Mirrlees, Nobel Laureate in Economic Sciences and Distinguished Professor-at-Large at CUHK, is the Master.

Morningside is fully residential and accommodates 300 students. The relatively small size allows for a level of intimacy amongst students and style of learning that are possible only in a small, cohesive community. Students take rigorous general education courses in seminar settings conducive to discussion, discursive writing and debate. These courses are designed to sharpen their intellectual acumen and equip them with the ability to engage in independent, reflective and critical thinking.

The College students value ideas, diversity, creativity, individuality, and civic responsibility. The Morningside student body is one of the most diverse student bodies at the University, with residents from many countries and regions. College fellows and distinguished visitors also contribute time, energy and thought to enriching college life. The College aims to help students to develop the values, intellectual breadth and practical skills needed to play leading roles in a wide range of disciplines and professions.

A sense of social responsibility and engagement is central to the Morningside ethos. All of the students take an active part in community service activities throughout their university years. These and other activities lead them to a deeper understanding of themselves and of how they can make a positive impact on the world.

S.H. Ho College

S.H. Ho College was founded in 2006, with a generous donation from The S. H. Ho Foundation. The College admitted its first cohort of students in August of 2010 and accommodates 600 students on a fully residential and communal dining basis.

S.H. Ho College provides a platform for students to strive to achieve their dreams, and provides support along the way. The College draw its motto, 'Culture, Morals, Devotion and Trustworthiness', from *The Analects of Confucius*, as these qualities are vital in nurturing prominent leaders who serve the community.

Sitting at the heart of CUHK, the College campus is located on University Avenue. It is within easy walking distance of the University Station. The two student hostels, Ho Tim Hall and Lee Quo Wei Hall—each comprising 300 hostel places, music room, fitness room, play room and grass field—are together home to 600 students.

To enable students to experience different cultures, acquire language skills and explore their own identities, S.H. Ho College offers a variety of overseas experience programmes. The College strives to achieve the goal that above 80% of its students have overseas experiences. This will be achieved by means of exchange programmes, summer study abroad programmes, summer language study programmes, cultural visits and service-learning.

Professor Samuel S.M. Sun, a renowned international expert in agricultural biotechnology, was appointed as the Master of S.H. Ho College in 2009. Professor Sun is currently an Emeritus Professor of Biology and a research professor of biology at CUHK.

C.W. Chu College

Founded in 2007, C.W. Chu College is named after Dr. Chu Ching-wen (1906–1996), a prominent industrialist and a remarkable philanthropist who spent the larger part of his career in Hong Kong. The values which the late Dr. Chu exemplified are encapsulated in the College motto *Cultus et Beneficentia*. The vision statement of the College embodies four elements: *intimate, international, intellectual, involved*, and aims to nurture graduates with leadership, generosity, intellectual clarity and morality. Instead of an administration-centred student discipline system, the College encourages students, who will pledge an Honour Code upon admission, to take primary responsibility for managing the Code and dealing with any behaviour that is not consistent with it—in a spirit of maturity and self-governance.

With a student membership of only 300, the College places strong emphasis on student-teacher interactions. It offers four years of undergraduate residence, and communal dining three times a week, catalyzing students to build enduring bonds. High table dinners, one highlight of communal dining, allow students to learn from the wisdom and experience of leaders in society. The College admits 75 students per year, with an expectation of 40% (including incoming exchange students) coming from outside Hong Kong. College fellows and teachers likewise come from many different backgrounds, enabling students to experience and share multicultural perspectives. Students broaden their horizon and enrich their social exposure through the mentorship scheme, which extends and realizes the vision and mission of the College. Mentors are experienced and leading figures from all walks of life, including our ready network of Chu Scholars, and will offer advice and guidance on students' personal development.

The College will also support students to go on academic exchange abroad. Approximately 60 scholarships and bursaries will be provided each year when the College becomes full-fledged, to recognize merit and to help defray extra costs for students. The College also organizes various service programmes for them to develop responsibility and leadership.

The general education programme at C.W. Chu College consists of a credit-bearing component, including an induction course for Year 1 students and a capstone course for Year 4 students; and non-formal component that carries no credit units which includes required extended orientation for freshmen, communal dining, high table dinners and voluntary social service. There are no College Assemblies.

C.W. Chu College is situated at Campus Circuit North, blending in with the lush and green surroundings. Apart from living quarters, the buildings house dining and amenity facilities for the entire membership of the College. Completion of the College premises is anticipated to be at the end of 2013. Until the completion of the College premises, students will be accommodated in International House Block Three.

Professor Kenneth Young, Professor of Physics at CUHK, was appointed as the Master of C.W. Chu College in April 2011.

Wu Yee Sun College

Wu Yee Sun College has been established since 2007 by the generous support of the Wu Yee Sun Charitable Foundation Limited. The College will admit about 1,200 students in total. The first cohort of students will join the College in September 2012.

The College motto is ‘Scholarship and Perseverance’. Through its diverse programmes of general education, college student life, as well as cultural and overseas exchanges, the College aims to broaden students’ horizons (scholarship), and encourage them to forge ahead (perseverance) in making contributions to society and leading a productive and rewarding life.

In support to the College mission of ‘Entrepreneurial Spirit with Social Responsibility’, the College creates an intimate and dynamic learning atmosphere, students will develop the drive for social entrepreneurship—a passion for creativity and innovation, and acumen in pursuing new projects and ideas, not just for personal gain but for the common good.

A wide variety of College activities and programmes being designed according to its mission are launched or under active planning, including creativity programmes, general education programme, service-learning programmes, cultural and exchange programmes, summer research programmes, language enhancement programmes, college forums, mentorship programme, internship programme and aesthetic programmes, etc. The College particularly encourages students to develop their own initiatives and will provide support both in terms of project grants and faculty resources.

The College offers scholarships to students for academic excellence, as well as outstanding performance in other areas such as creative sphere, social endeavours, environmental conservation, arts, and sports. Financial aid is also available to students in need.

The College is located by Residence Lane 1. Its student hostels accommodate 600 students in 300 twin rooms. Commuter students, though not living on campus, can still enjoy their campus life at their second home—the full sea view non-resident halls where they interact with fellow students and participate in various hall activities.

One of the signatures of the College campus is the Creativity Laboratory—an ideal playground of innovative ideas across a wide range of intellectual domains for students. Other top-notch learning facilities and amenities include the learning commons, College gallery, College theatre, study room, seminar rooms, full sea view gymnasium, music rooms, and multi-purpose sports room. All these amenities surround the inspiring central courtyard and podium, where students hold intelligent conversations or read reflectively.

The Master of Wu Yee Sun College, Prof. Rance P.L. Lee, is a pioneering and leading scholar in medical and health sociology in Hong Kong and China. His services to the University over the last four decades include director of the Social Research Centre, professor and chairman of Sociology Department, Dean of the Faculty of Social Science and Head of Chung Chi College.

Lee Woo Sing College

Lee Woo Sing College was established in 2007 with very generous support from Li Foundation (Bing Hua Tang). It is a medium-sized College that accommodates up to 1,200 students (600 residential students and 600 non-residential students). The first cohort was admitted in the Fall of 2011.

With the College motto ‘Wisdom, Humanity, Integrity, Harmony’, the College aims at developing leaders with excellent communication and leadership skills for Hong Kong, the mainland and the world. The College also emphasizes the spirit of ‘Harmony’, being kind to people and handling things with moderation. Students are encouraged to be thankful and contribute to their alma mater and the community.

The College’s beautiful campus is situated at mid-level of the University, commanding the tranquil view of Tolo Harbour and blending with the slope and nature. It consists of two main buildings which are linked up by a complex of student communal facilities. To add colour to college life, the College has added ample communal facilities on the campus, including student-staff catering centre, courtyard, multi-purpose hall, mini-theatre, French window with full hill-view fitness room, dance room, music rooms, computer room, and games rooms.

The emblem of the College is made up of three ancient Chinese characters—people, mountain and harmony. It indicates the College emphasizes on staff-students' interaction with nature. It is the College's ultimate goal to promote a green life among students and to raise their environment awareness, so as to develop a sustainable campus. Green measures include hostel energy-saving measures, installation of in-room digital meter and staff-student catering centre waste-reduction scheme, etc.

The College cares a lot about students' moral and intellectual development, as well as their career prospects. It aims to provide students with whole-person education through a wide range of general education programmes and student development activities, such as seminars, leadership training courses, exchange activities and visiting scholar programmes. Education and activities provided by the College will help its students to be confident and self-motivated; and to speak out and express their opinions.

The College provides various scholarships to recognize students with excellent academic and outstanding personal performance. Substantial bursaries and other financial aids are also available for students-in-need.

Academic Units and
University Extensions

Academic Units and Programmes of Studies

Full-time Undergraduate Studies

Eligibility for admission is conditional upon fulfilment of the entrance requirements of the University set out in the Regulations Governing Admission to Full-time Undergraduate Studies (please go to www.cuhk.edu.hk/adm/handbook/regu.pdf for details).

The University's Faculties of Arts, Business Administration, Education, Engineering, Law, Medicine, Science, and Social Science offer a wide range of undergraduate programmes leading to the BA, BBA, BChiMed, BEd, BEng, LLB, MBChB, BNurs, BPharm, BSc, and BSSc degrees. The University started offering double degree programmes in 2006–07.

A student who satisfies the conditions for graduation shall be awarded a bachelor's degree with one of the following classifications: First Class Honours, Second Class Honours Upper Division, Second Class Honours Lower Division, Third Class Honours, and Pass. Degree classification is based on the grade point averages of major and other courses, and the result of the graduation thesis/project. However, the degrees of MBChB are awarded on the basis of professional examinations and BChiMed on the basis of the clinical studies. (Please refer to the *Undergraduate Student Handbook* at www.cuhk.edu.hk/aqs/handbook/ug_student_handbook.htm for details of the undergraduate study programmes.)

■ Curriculum Structure

(i) Three-year Curriculum

The normal length of study for a full-time programme offered under the three year curriculum is three to four years with the exception of medical studies and some professional programmes which have prescribed otherwise. A second-year entrant shall normally be expected to graduate after two years of attendance. The curriculum (excluding the MBChB Programme) is based on a credit unit system.

For graduation, a Secondary 6 and a Secondary 7 entrant* shall successfully complete at least 123 and 99 units of courses respectively which include:

- (a) General Education (15 units);
- (b) Physical Education (2 units);
- (c) Foundation Requirement† (24 units: 9 units of language courses, 6 units of General Education courses, and 9 units of major/faculty requirement);
- (d) normally up to 72 required units of major courses;
- (e) Faculty Language Requirement;
- (f) remaining units in minor and/or elective courses of the student's choice.

A second-year entrant shall complete at least 66 units of courses which include:

- (a) General Education (7 units for entrants with associate degrees or 9 units for entrants with higher diplomas);
- (b) Physical Education (1 unit);
- (c) up to 64 units of major courses for entrants with associate degrees or up to 59 units for entrants with higher diplomas;
- (d) Language Requirement (3 units for entrants with higher diplomas only);
- (e) remaining units in minor and/or elective courses of the student's choice.

Students need to take and pass any graduation thesis/project prescribed by their major programmes.

Starting from 1997–98, all students in their first year of attendance are required to complete an Intensive Programme in Putonghua, Cantonese and English which is non-credit-bearing, but the examination results of which will be recorded on academic reports and transcripts.

Starting from 1999–2000, all newly-admitted students are required to achieve a certain level of IT competence. They are expected to pass the IT proficiency test within their first year of attendance.

A student admitted in 2004–05 and thereafter may register for a second major programme subject to the approval of the two major departments concerned.

A student who wishes to take minor programmes should formally register for his minor subjects. A minor programme normally requires 15–30 units of courses.

* A Secondary 6 (or 7) entrant means a student who has been admitted to the University after completion of Secondary 6 (or 7) in a school or on equivalent qualifications.

† Applicable to Secondary 6 entrants

(ii) Four-year Normative Curriculum:

The four-year normative curriculum is a result of the University-wide effort of all teaching departments/faculties, as well as many supporting units. It is not a matter of returning to the University's old four-year curriculum; it is rather a newly designed curriculum that is student-centered, with Outcomes-based Approach (OBA), embedding important pedagogical elements including outcomes, learning activities, assessment and feedback.

The normal length of study for a full-time programme under the four-year normative curriculum is four to five years with the exception of Chinese medicine programme and medical studies. A senior year entrant admitted to programmes specially designed for articulation by associate degree/higher diploma holders shall normally be expected to graduate after two years of attendance. Same as the three-year curriculum, the four-year curriculum (excluding MBChB) is based on a credit unit system.

For graduation, a student shall successfully complete at least 123 units of courses, which include the major programme requirement as well as the university core requirements of general education, English and Chinese languages, physical education and IT. A senior year entrant shall complete at least 69 units of courses, also including the major programme requirement and university core requirements.

Key features include the newly designed university core requirements and faculty packages, and the emphasis on transferable skills and capstone experience. Please visit www.cuhk.edu.hk/334/english/index.html for details of the four-year normative curriculum.

Postgraduate Studies

The University currently offers degree programmes leading to five research degrees and 21 taught degrees. The five research degrees are Doctor of Music (DMus), Doctor of Philosophy (PhD), Master of Fine Arts (MFA), Master of Music (MMus), and Master of Philosophy (MPhil). The 21 taught degrees are Doctor of Education (EdD), Doctor of Nursing (DNurs), Doctor of Psychology (PsyD), Juris Doctor (JD), Master of Accountancy (MAcc), Master of Architecture (MArch), Master of Arts (MA), Master of Business Administration (MBA), Master of Chinese Medicine (MChiMed), Master of Clinical Pharmacy (MClinPharm), Master of Divinity (MDiv), Master of Education (MED), Master of Family Medicine (MFM), Master of Laws (LLM), Master of Nursing (MNurs), Master of Nursing Science (MNSc), Master of Professional Accountancy (MPAcc), Master of Public Health (MPH), Master of Science (MSc), Master of Social Science (MSSc), and Master of Social Work (MSW).

The University has introduced the MPhil–PhD programmes since 2004–05 and currently offers 38 MPhil–PhD programmes. Under this scheme, MPhil and PhD are regarded as two streams within one MPhil–PhD programme. Students may choose the streams according to their interests and ability, with the flexibility to transfer between MPhil stream and PhD (pre-candidacy) stream after admission.

For doctoral programmes, the normal length of study for full-time students with or without a research master’s degree is 36 and 48 months respectively, while that for part-time students with or without a research master’s degree is 48 and 64 months respectively. For master’s programmes, the period of study normally ranges from one to four years for full-time study and two to four years for part-time study. The postgraduate diploma programmes last three months to one year for full-time students and one to two years for part-time students.

Applicants who have graduated with good honours degrees from recognized universities and who have the capacity for research may apply for admission to the above postgraduate programmes. For details, please refer to the General Regulations Governing Postgraduate Studies of *The Chinese University of Hong Kong Postgraduate Student Handbook 2013–14* (www2.cuhk.edu.hk/gss/handbook.php) and *The Chinese University of Hong Kong Postgraduate Prospectus 2013–14*.

Other Programmes

Intensive Programme in Putonghua, Cantonese and English

Only students admitted to the three-year curriculum are required to complete an Intensive Programme in Putonghua, Cantonese and English in their first year of attendance. The purpose of the programme is to provide an opportunity for students to strengthen their ability to consult dictionaries for the correct pronunciation of individual characters or words. The programme provides students with a pronunciation foundation for more advanced language courses offered by various units of the University and promotes an awareness of the importance of language ability.

* The programme has ceased to admit new students and will be terminated after all students have graduated

Physical Education

Physical Education is the required programme which emphasizes the development of personality and health through team work and fair play as well as the acquisition of basic motor skills and attitude towards physical activities.

Leadership Development Programme/ I•CARE Leadership Programme

Leadership Development Programme aims at nurturing the leadership potential of selected students of the University and preparing them for the challenges and opportunities of the new era. I•CARE Leadership Programme aims at nurturing student leadership in civic and social engagement.

Student IT Competence

Rapid advances in information technology (IT) are leading us into the information age, changing the way we work, communicate and play, and increasing our productivity. IT literacy, the ability to use computers and other technologies to improve learning, productivity and performance, has become essential. To help students acquire this fundamental skill, the University provides an IT Foundation Course, a training and test package targeted at basic IT skills. Students admitted to the three-year curriculum are required to pass the IT Proficiency Test before graduation, while those admitted to the four-year curriculum will complete an IT Foundation Course.

International Asian Studies Programme

In keeping with the University's distinctive educational mission of promoting cultural exchange between East and West, an International Asian Studies Programme (IASP) was launched at the University in 1977 with the support of the Yale-China Association. This Programme is open to students from outside of Hong Kong who wish to take advantage of the University's academic resources and research facilities to develop knowledge in Chinese, Asian and International Studies, further studies in their academic discipline in the context of Hong Kong, Mainland China and the rest of Asia, and learn Chinese.

The IASP is fully integrated into the regular structure of the University. Participants take regular courses with local students in the Faculties of Arts, Business Administration, Education, Engineering, Law, Science and Social Science. The IASP offers selected courses in Asian, Chinese and International Studies taught in English for the benefit of both programme participants and local students. Participants may also take special language courses in Cantonese and Putonghua offered by the Yale-China Chinese Language Centre. Many opportunities are provided to participants to experience Chinese culture. They include sharing dormitory with local students, thematic field trips, excursions and language tables, just to name a few.

There are two categories of participants: (1) associate undergraduate students taking a full load (9–18 units per term) of university courses; and (2) associate postgraduate students taking either (a) a full load (9–18 units per term) of university courses or (b) conducting research and taking a minimum course load of three units.

Students may participate in IASP for one term or for one academic year. Previous coursework on Chinese language or Asian studies is not required for admission, but undergraduate applicants must have normally completed at least two terms of university study and graduate applicants must hold a recognized bachelor's degree.

Participants may come as exchange students or study abroad (fee-paying) students. Exchange students are those who are nominated by institutions which have formal exchange agreements with the University. Exchange students are exempted from paying tuition to CUHK. Study abroad students are those who come from institutions which normally do not have formal exchange agreements with the University. Study abroad students must pay the IASP tuition. Both exchange and study abroad students are responsible for housing and other exchange related fees. The Office of Academic Links serves as the home department to both exchange and study abroad students.

The University established the Department of Extramural Studies in 1965 and in January 2006, it was renamed the School of Continuing and Professional Studies (CUSCS). Bearing the mission of providing quality continuing professional education programmes and services to meet the changing needs of society, the school offers a diverse range of courses and programmes at different levels. In 2012–13, about 1,000 general courses and award-bearing programmes were offered with a total enrolment of 35,000 or full-time equivalent of 6,300 students.

What CUSCS offers can be broadly categorized into general courses and award-bearing programmes. General courses, normally lasting for two to four months each, have no specific admission requirement, and are generally meant for self-enrichment. Award-bearing programmes at advanced diploma, professional diploma, diploma, and certificate levels, have specific admission requirements and are designed in accordance with the guidelines and standards set by the University. These programmes lead to academic awards or professional qualifications for those who wish to enhance their skills and knowledge in their particular fields of study.

CUSCS courses and programmes cover a wide range of disciplines including art and design, humanities, creative media, music, business and management, accounting and finance, social sciences, applied sciences, languages, health care, information technology and technology management as well as nature and environment.

Starting from 1988, CUSCS has diversified its portfolio in collaboration with professional organizations, as well as academic institutions in mainland China and overseas to offer award-bearing programmes, including:

- Master of Arts Degree in Teaching English to Speakers of Other Languages (with Lancaster University, UK)

In support of the government's initiatives to provide secondary school leavers with additional pathways to pursue higher education in Hong Kong, CUSCS has been offering a variety of full-time Higher Diploma Programmes since 2002. In 2013–14, 30 Higher Diploma Programmes are offered for HKDSE graduates, Secondary 7 graduates of the old academic structure, students who have completed Pre-Associate Degree Programmes or Yi Jin Diploma Programmes, or those aged 21 or above.

CUSCS also offers tailored corporate training courses to private companies, government departments, non-government organizations, schools and universities in Hong Kong, Macau, mainland China, and overseas. They aim to improve participants' knowledge and skills in both English and Chinese, information technology, China business, administrative management, school leadership and management, bilingual teaching, journalism, accounting, law, public administration, city planning, landscape design and management, psychology, public health management, nutrition and health products, etc. Commendations have been received on both the course design and academic standard of these courses.

In 2012, CUSCS collaborates with the Shenzhen Research Institute (SRZI) of the University to set up the Continuing and Professional Education Centre (CPEC) in Shenzhen to offer professional and general courses to individual learners for career development as well as tailor-made corporate training to commercial corporations and government departments. In order to equip and prepare mainland students for higher education in Hong Kong or overseas, CUSCS also offers the Diploma Programme for International Tertiary Education Preparation in CPEC from September, 2013.

CUSCS is a self-financing unit but its academic development and policies are regulated by the University Extension Board, the Senate Academic Planning Committee, and the Senate of the University.

The head office of CUSCS is situated at the Inter-University Hall on CUHK campus in Sha Tin. CUSCS has four major learning centres, located at:

- Bank of America Tower, 12 Harcourt Road, Central;
- Oriental Centre, 67 Chatham Road South, Tsimshatsui;
- East Ocean Centre, 98 Granville Road, Tsimshatsui; and

State Key Laboratories

Launched in 1984, the State Key Laboratory Scheme is one of the key technology development projects of China. State Key Laboratories (SKLs) focus on studies in the latest academic developments and important technological issues in relation to the economy, social development, health and security of China. Organizations hosting a SKL should have attained international standards and be in a pivotal position in their respective disciplines. They should be able to complete important state research tasks, and possess excellent research teams and favourable conditions for conducting research and experiment.

Two SKLs were established at The Chinese University of Hong Kong in 2006 and 2008 respectively with the approval of the Ministry of Science and Technology of China. The SKLs anchor their spearheading roles in oncology and agrobiotechnology research. In 2010, the University was further approved to establish two more SKLs, namely State Key Laboratory of Phytochemistry and Plant Resources in West China and State Key Laboratory of Synthetic Chemistry.
