

THE CHINESE UNIVERSITY OF HONG KONG
DEPARTMENT OF MATHEMATICS

MMAT5220 Complex Analysis and its Applications 2016-2017
Instruction for submitting homework via email

Please follow the following instructions when you are going to submit your assignment via email.

1. Write down your name and student ID on the first page of your assignment.
2. Combine all the photos into a single PDF file.
3. Make sure that the photos are readable.
4. Send your assignment to khwong@math.cuhk.edu.hk before the deadline.

There are some suggested methods to combine JPEG files into a single PDF file:

1. Adobe Acrobat (software in computer)
2. jpg2pdf.com (JPEG to PDF online converter)
3. CamScanner (free App in mobile phone)

Starting from assignment 4, your homework will not be graded if you do not follow the instructions.
Thank you for your attention.
