New Stream for Undergraduate Chemistry Programme: Testing & Accreditation Stream

A new stream for undergraduate Chemistry Programme, Testing & Accreditation Stream, will be introduced in 2015/2016. The purpose of this stream is to provide training for students interested in testing and accreditation so that they are well-equipped for their future careers in these fields.

Summer Internship Programme

To enhance students' understanding of the careers they are interested in, a Summer Internship Programme is introduced in this summer for Chemistry students. Ten students participated in this programme. They carried out internship in 5 commercial sectors and educational organizations in Hong Kong and Mainland China for about 8 weeks, some of which were financially subsidized by the Department.
