

大坑東宣道小學

「健康學校——愛心開心滿校園」是大坑東宣道小學參加「香港健康學校獎勵計劃」後所訂立的目標。本校在計劃中榮獲“銀獎”，在六大範疇中，五大範疇均獲評為“傑出”，另一範疇為“優異”。

本校成立專責小組，邀請學生和家長制定、監察及檢討「學校健康政策」，家校攜手推動整個計劃；又藉課程統整，配合教改，把「十大健康主題」融入課程、課外活動及全方位學習活動之中，培育學生九種共通能力，實踐「健康生活技能」。

本校積極美化及綠化校園，建立健康無煙學校環境，並為學生建立個人健康檔案，提供多元化「健康服務」。本校更開放校園，讓社區人士使用本校各項設施，進行健康主題活動，造福社區，服務社群。

我校能在計劃中獲取傑出表現，實在更能喚起全校學生、家長和教職員，同心合力，繼續攜手實踐健康人生，更積極推動「健康學校」計劃，讓愛心、開心充滿校園。

ALLIANCE PRIMARY SCHOOL

The Hong Kong Healthy Schools Award Scheme

Alliance Primary School, Tai Hang Tung

The Hong Kong Healthy Schools Award Scheme

“A Healthy School: Love, Joy and Happiness Embrace Our School” is the theme that Alliance Primary School, Tai Hang Tung has dedicated itself to as a participant in the “Hong Kong Healthy Schools Award Scheme”. With the active involvement of the students, parents and school staff, our school was presented with the Healthy School Silver Award for “Excellence” in five areas and a “Credit” in one area.

We established a health education committee and invited our students, parents and staff to plan, promote and launch the “School Health Policies”. In addition, the scheme was perfectly in line with the current educational reform and curriculum integration. We have integrated “Personal Health Skills” into the school-based curriculum. The Life-wide Learning activities have enabled students to cultivate positive values towards life and develop the “Nine generic skills” together with ten themes of “Personal Health Skills”.

Our school also provided our students with various kinds of “Health Services” such as campus greening, a smoke-free environment, and has helped students to set up their own health portfolio. By putting more emphasis on developing healthy living styles amongst our students, we hope to instil within them, life-long civic responsibilities. We hope our students will develop into healthy Hong Kong citizens.

Besides our school achieving the Silver Award, we have also gained the loving help and the continuous support of our students, parents and every member of our school community. Therefore, our school will continue to place the utmost importance on continuing to pursue, “A Healthy School” theme and continue to promote health education, which enables love, joy and happiness to embrace our school.
