

明愛樂勤學校

我校推行「香港健康學校獎勵計劃」期間，一方面獲得校方鼎力支持及政策的配合；另一方面有校護的專業知識和技術員的支援，故推廣過程十分順利。特別是健康服務方面，本校建立了一個較完善的內聯網資訊系統，可即時翻閱學生有關健康的報告或資料，有助學生得到最適切的照顧。其次，校方更致力改善學校環境，及提供一個既安全又舒適的

學習場地，讓學生愉快地學習。雖然如此，本校仍有多方面須積極改進，諸如在課程方面，本校會加入更豐富的健康知識和生活技能的元素，使學生在知識、技能和態度上有所裨益。在教師和家長方面，本校會向他們提供更多的健康教育資訊和增加他們獲取健康教育知識和技能培訓的機會，以加強推動發展健康學校的動力。

The Hong Kong Healthy Schools Award Scheme

The Hong Kong Healthy Schools Award Scheme

Caritas Lok Kan School

In line with our school strategy and through the professional knowledge of the school nurse and the technical support from our staff, Caritas Lok Kan School has successfully implemented the “Hong Kong Healthy Schools Award Scheme”.

Particularly on Health Services, our comprehensive intranet system has enabled our staff to retrieve all students’ health reports or relevant information quickly, thus helps to provide students with the most appropriate care.

Furthermore, the school has made great efforts in improving the school environment by providing a secure and comfortable place for the students to learn safely and happily.

One of the areas that we could further improve would be the school curriculum in which we would broaden the health knowledge and living skills of the students. The other area would be to work on providing latest health information and workshops for teachers and parents to improve their knowledge on health education and upgrading their skills in providing health education. These initiatives would help in building the competence of both teachers and the parents in promoting a healthy school.
