The Installation Ceremony of Sunflare (青薪宜仁), the Second Wu Yee Sun College Rotaract Club (伍宜孫扶輪青年服務團), was held on 8<sup>th</sup> June. We were honoured to have the presence of Professor Rance P.L. Lee (李沛良), College Master, Professor Nicole W.T. Cheung (鄭慧婷), College Rotaract Club Advisor, and various guests from District Rotary Committee, Rotary Club of Tai Po (Mother Club of WYS Rotaract), Rotaract Club of Tai Po (Sister Club of WYS Rotaract) and fellow Rotaract Clubs at the Ceremony. Speaking guests shared on the Club's theme "to be loved as to love" which encouraged the newly formed committee to embrace challenges and persist in achieving their mission. Mr. Chun-lung Yau (邱津龍) (Nursing / Year 1), President of the new committee, led the Committee to take the oath to serve their members and society in the forthcoming year.

**2. Learning with Professionals: 上海專業研習計劃**

19 College students enriched their understanding about business operations and contemporary development in Shanghai during their two-week Professional Learning Scheme in Shanghai that ended in 30<sup>th</sup> May. This Scheme was co-organized by Wu Yee Sun College, Chung Chi College and CUHK Shanghai Alumni Association.

During the first week, participants were assigned to one of the five different fields for professional attachment, including The Peninsula Shanghai (上海半島酒店) from the field of Hotel Management, Hongrun Construction Group Company Limited (宏潤建設集團股份有限公司) from the Construction field, Sand Bankcard-link Information and Service Company Limited (杉德銀卡通資訊服務有限公司) which bases its company in Financial Service, Tencent (騰訊公司) mainly from the field of Internet Service and Mark Fairwhale (Shanghai) Commercial Company Limited (馬克華菲(上海)商業有限公司) which focuses on Retail & E-commerce. Students actively observed and participated in various tasks assigned to them. Some of them, for instance, took up special projects, conducted site visits, assisted in routine operation, and attended in-house training. Some groups even had the chance to present their ideas to the top management!

The exploration in Shanghai did not end in just working with professionals. Upon visiting renowned corporations such as Shanghai Airport Services, City Super, Li & Fung and China Financial Futures Exchange, the group was inspired by the respective senior management who were generous with their valuable words on aspects including Shanghai/ Hong Kong competitiveness, supply chain management, and marketing positioning. Students were also delighted to have the rare opportunities to listen to their personal stories of working in Shanghai. Visits to Fudan University and social center also allowed students to further explore the cultural and social aspect of this city.

Having obtained hands-on business experience and broadened their personal network in Shanghai, the enhanced social skills and business insights will certainly help students pave their career path.

#### 4. 'Power Your Love' 中電全城過電計劃 - 慳電傳關愛!

CUHK is supporting the 'Power Your Love' Programme recently launched by CLP. Residential customers who join this programme can 'transfer' the amount of electricity they save each day to people in need! We encourage all students, staff and alumni to join this meaningful programme.

##### 'Transfer Electricity'

If the participating customer's energy usage during Energy Saving Period (i.e. 1<sup>st</sup> Jun to 31<sup>st</sup> Jul) is lower than the consumption in the same period in 2014, CLP will donate every kWh saved to the needy.

##### 'Donate Money'

Besides 'transferring' saved electricity, all customers and non-customers are also welcome to support the programme by making donations. CLP will match every dollar donated with shareholders' money. The fund raised will then be used to subsidize the electricity bills of the needy. CLP shareholders will donate a maximum of HK\$6 million to the programme, which will benefit approximately 20,000 needy people.

##### Registration

Register for the programme by completing the e-form (*deadline: 20<sup>th</sup> Jul*):

<https://www.clponline.com.hk/poweryourlove/eform>

You may enter 'CUHK2015' as the special code to identify CUHK as your referrer.

##### Prizes

Individuals will receive a smart watch as an award if they meet one of the criteria below:

- Save the most electricity from 1<sup>st</sup> Jun to 31<sup>st</sup> Jul;
- Successfully refer the highest number of friends or relatives to take part; and
- Donate the highest amount.
