APAC E-Series 2020

Airing from APAC:

Wednesday 15 July

IN 10:30 | CN 13:00 | SG 13:00 | KR 14:00 | JP 14:00 | SYD 15:00

Simultaneous translation available in:

Chinese  Japanese  Korean 

Season 1

Episode 3: Enabling Technology

Part 3: Robotics Assisted TKA Journey[◇] II BCS with NAVIO[◇] Handheld Robotics

Moderator: Dr Kevin Ho

Faculty:

Dr Kevin Ho

The Chinese University of
Hong Kong (CUHK)
Hong Kong, SAR China

Dr Bertrand Kaper

Orthopaedic Specialist of
Scottsdale Dr. Kaper
Arizona, USA

Synopsis

Will evolving enabling technology and a kinematic knee design provide an answer to the growing population of high demand patients? Join our Asia-Pacific webinar e-series to explore digital ecosystems and new robotics technology.

Webinar Agenda

- Why I use robotics in TKA
- How I do it? Robotics Assisted Bi-Cruciate Stabilized Knee
