## Chapter 1

### **Where It All Started**

One bright Saturday morning, six friends were thinking of what to do. One of them thought of hiking. 'Guys, why not we go hiking! It will be fun! We can take beautiful photos and the sent of nature can calm us down!' Telulu told her friends. 'That's actually not a bad idea! Right guys? Do you guys agree on that?' Alvin said, Telulu's bestie. Everyone agreed and started packing their things. 'But where should we go hiking on? There are a lot of places we can go hiking on.' Someone suddenly asked, it was Sophie, the smartest one in the group. 'Why not the Darkness Mountain, where there's a legend about it. Everyone says there's a monster on there and I don't believe them, so why not we go there!' Telulu answered, thinking it would be a good idea to go there. 'WHAT! ARE YOU OUT OF YOUR MIND RIGHT NOW! THAT'S NOT A GOOD IDEA!' said Heily, the

scaredy-cat, but Telulu begged her to go there. Heily still disagreed. Telulu didn't give up though, she kept on begging and begging. After a while, Heily finally agreed. 'Fine, fine, fine. I'll go, but I'm never going to do this again.' Heily requested. Telulu was happy again. They set off early and were all excited, except Heily, but they didn't know what was coming...

### **Disappeared...**

After some hours of driving, they were finally at Darkness Mountain. 'That looks creepy...' said Heily, already having goosebumps on her back. 'No, it looks cool!' Zach said, the "coolest" person in the group. 'Guys! Less talking, start moving! I can't wait any longer! I'm literally over the moon right now! Come on!' Telulu said excitedly. They thought it would be easy climbing up the mountain but they forgot about the legend... They were climbing up happily without knowing something was off... After some time of climbing, someone yelled, 'Wait! Where is Heily? Wasn't she behind us? I don't see her any where!' It was Silver, he's the type of person who's very careful and always takes a closer look at things. They looked around for Heily but there wasn't a sign of her. They were confused but then remembered the legend. 'Wait, could the legend be true?'

Alvin said in confused. 'It couldn't, right? I think Heily just ran off. We'll find her soon.' Telulu replied. They all searched for Heily again but still found nothing. Suddenly, Silver found a note on the floor. 'Hey guys, I found a note here!' He said 'It says "IKYGALFH, IHCH, YGWNFHA..." I don't understand. Sophie, do you know what it means?' Sophie replied, 'Hmm... If I am right, I think it means "I Know You Guys Are Looking For Heily, I Have Captured Her, You Guys Will Never Find Her Again..." It just wrote the first letter of each words.' 'Wow! I don't know how you understand that but that's amazing! You are really, really smart! Anyways, now we know what it means, we just don't know who wrote the note.' They were all confused and speechless by the note. 'Could it be... the monster who wrote the note!' Zach suddenly said. 'Well, we can't just sit here

and keep on thinking about it. We'll just have do it!' Telulu replied. 'We have to split up so that we can find Heily!' Then Alvin said, 'But what if Zach is right, maybe the legend about this mountain is true and the monster actually took Heily! We can't...' 'just calm down! I think someone is just playing a prank on us. Besides, there's nothing as "Monster" in this world. The legend isn't true.' Telulu suddenly spoke out, thinking it's just a prank and they can find Heily for sure. They split up and started to search for Heily. 'Heily! Where are you! It's not funny! Just come out now!' They all screamed out. After thirty minutes of searching, they found absolutely nothing. They met up again. 'Sorry but I found nothing, not even a single clue...' Everyone said to each other. Meanwhile, Silver found something that was out of the ordinary, it was a

footprint, but... not the ones they usually see...' Hey guys... I found something...' Silver told his friends. 'What is it?' Telulu asked. 'It's... a... footprint...' Silver stuttered. 'A... huge... foot... print...' Everyone looked at the footprint and they were speechless. It was indeed a huge footprint! 'That... that... can't... be...' Alvin immediately muttered. 'No no no! It's... definitely not the... monster!' Telulu stopped Alvin. 'Wait guys! There's... more!' Silver said. They all followed the footprints but didn't know what will it let them to...

## Chapter 3

### ***The Haunted House***

They followed the footprints until there was no more.'Is...is...is that...a...haunted house...'Telulu stuttered as she had her mouth quivering.'I...hope not...'Sophie said frighteningly'Wait!But maybe Heily is in there!We need to be brave and go in there to check!' 'But!' 'No buts!Come on,do you want to find Heily or not?'Sophie stopped Telulu instantly.'Well...I do but!' 'Then come on!Heily has been missing for hours already!If we don't find her now,then she might...' 'Fine!Fine!Fine!I will come,just... don't say the word please!'Telulu finally agreed to go in the house.'Good!'Sophie answered.They all went into the house and what they saw left them have goosebumps...

When they went into the house, all they could see were walls that looked like someone ripped them and broken chairs all over the place. The house was already giving chills. They saw another note that looked like the one before, but it said "Wow, impressive! Can't believe that you kids can figure out this place, but remember Heily is mine now and she's gone... forever. Hahaha..." But for some reason, they saw Heily walking towards them... 'Heily! Where have you been! It wasn't funny! We were so worried about you!' Telulu cried out. Heily didn't say anything, she just stood still and was staring at the friends. 'Heily is a bit weird, she used to be a very... active person and gets scared easily, but she doesn't seem scared being in this haunted house...' The friends whispered to each other. Heily was freaking them out. Then, they finally found something

that was making Heily act like this... Heily was indeed... gone... The Heily that the friends were seeing was not Heily. Heily was out of this world... Suddenly, "Heily" turned into a monster! The friends finally believed that the legend about this mountain was true! The monster spoke in a deep voice, 'Hi kids, I'm impressed... I thought you guys would give up on searching, you guys searched for hours and now all of you are here. Now let's see can you guys pass through me! Hahaha...'

### **Good Bye...**

The monster started chasing them. When it touched Alvin, he was...

GONE! 'Alvin!' Telulu screamed out. Within a second, Sophie and Silver were... gone as well! It was only Telulu and the monster. 'So, it's only you and me. I'm gonna be kind... I'll give you two seconds to run...' The monster said with a big creepy smile on its face... Telulu ran as fast as she could but... still got caught...

Now, there's another legend about it... The friends are now haunting the entire mountain... You know they are there if someone is saying 'Heily' nonstop... The friends will only come out on every month's 19th, so never ever go there on those days... Can you guess why?...
