1. To: ALL MATH students admitted *in 2021-22 or before*.

Subject: Capstone courses (MATH4400, MATH4900).

If you wish to graduate *by summer 2025*, you have to take a capstone course to fulfill graduation requirement. For detail, refer to the homepage

<https://www.math.cuhk.edu.hk/undergraduates/capstone-course-arrangements>

2. To: ALL BMED students admitted *in 2022-23*.

Subject: MATH2050, MATH2070, MATH2230.

- (a) If you intend to take MATH2050 in 2024-25, you are advised to do so in the first semester. It is unlikely that you will find any place in the second semester section of MATH2050.
- (b) According to the BMED study scheme, you are supposed to complete MATH2070, MATH2230 in 2024-25. If you postpone these courses beyond 2024-25, you may be prevented from taking these courses due to time clash issues with your other required courses, and may be faced with an increased risk of deferring your graduation.

3. To: ALL MIEG students admitted *in 2022-23*.

Subject: MATH2050, MATH2060, MATH2070, MATH2230.

You will be pre-assigned to some specific first semester sections of MATH2050, MATH2230, and to some specific second semester sections of MATH2060, MATH2070.

Please be reminded that it is unlikely that you will find any place in the second semester sections of MATH2050, MATH2230, and in the 2025-26 first semester sections of MATH2060, MATH2070.

4. To: ALL BMED students admitted *in 2023-24*.

Subject: MATH2020, MATH2040.

You will be pre-assigned to some specific second semester sections of MATH2020, MATH2040.

Please be reminded that it is unlikely that you will find any place in the 2025-26 first semester sections of MATH2020, MATH2040.

5. To: ALL MIEG students admitted *in 2023-24*.

Subject: MATH2010, MATH2020, MATH2040.

You will be pre-assigned to some specific first semester sections of MATH2010, MATH2040, and to the second semester section of MATH2020.

Please be reminded that it is unlikely that you will find any place in the second semester sections of MATH2010, MATH2040, and in the 2025-26 first semester section of MATH2020.

6. To: ALL MATH/BMED students.

Subject: MATH2221.

Due to physical constraints of equipment, you must plan your study under the assumption that the class quota for the various sections of MATH2221 is strict. NO student in the waiting list of any section of MATH2221 should take for granted that add-in beyond the CUSIS class quota is possible.

7. To: ALL students.

Subject: MATH4050.

You are eligible to apply for a place in MATH4050 in 2024-25 as long as you have passed MATH2050/2058. If you are interested in taking the course but are prevented from registering through CUSIS during the course registration exercise in November, you may submit an application through the General Office of the Department of Mathematics.

8. To: ALL students.

Subject: MATH3270.

Two sections of MATH3270 will be offered in 2024-25, one in the first semester, and the other in the second semester. The course will NOT be offered in the summer semester.

(As of 10 July 2024)
