

# Connect to the Internet

1 Double-click the **GlobalProtect** icon.

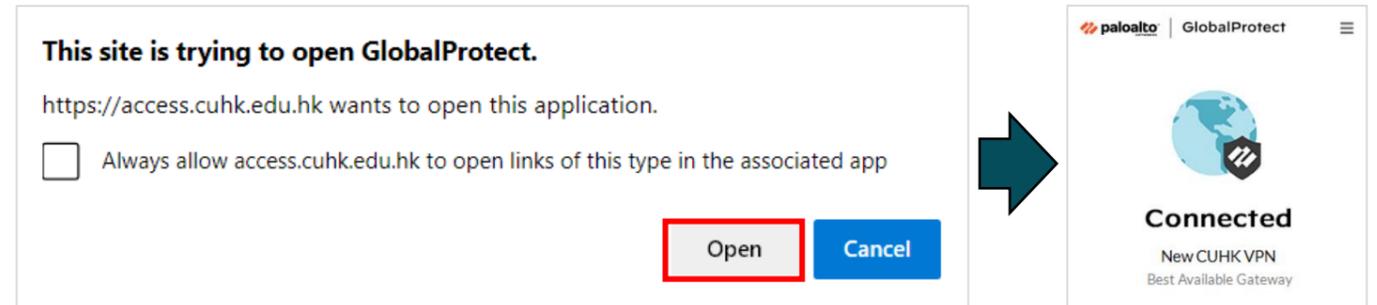

2 Click the **Connect** button.

3 When prompted, enter your **CUHK email address** and **OnePass password**, and respond to the **Duo 2FA push message** on your mobile phone.

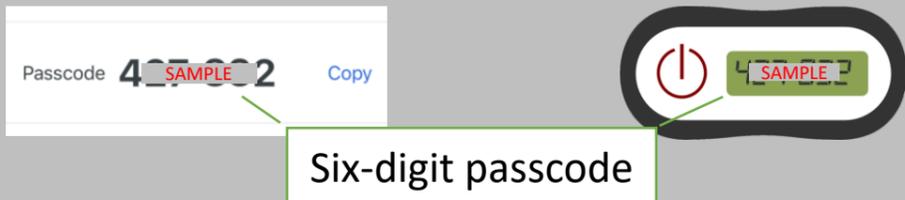

4 Finally, follow the prompt and click **Open** to complete the connection.

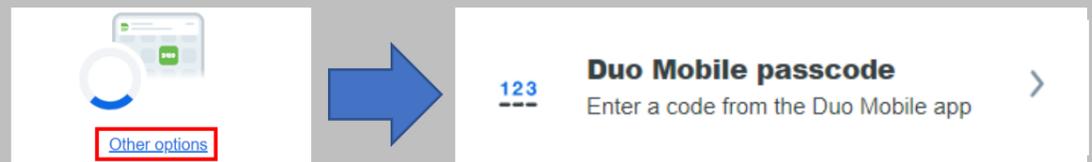

**! DO NOT CLOSE THE BROWSER WINDOW!**

## Using a Token for 2FA?

1. Check your **six-digit passcode** in the DUO app / hardware token.

2. Click **Other options** > **Duo Mobile passcode** and input the **six-digit passcode**.

(Note: You need to obtain a new passcode for every sign in.)
