This is an online test conducted on the **WeBWorK** e-learning platform. One of its main objectives is to help you gauge your own level of mathematical knowledge relative to your classmates.

Please read the following instructions carefully before clicking the link at the end of this document to proceed to the review test.

- The review test is the WeBWorK assignment titled "**Review Test**".
It will open at 5:00 pm, and close at 7:00 pm, on Thursday, September 7, 2023.
- Please submit all the answers through the WeBWorK interface before the deadline (i.e., 7:00 pm).
- For each question, you *must* click the "**Submit Answer**" button (instead of just "Preview Answer"), so that all your answers can be properly recorded.
- You are allowed **only one attempt** for each question.
- Please answer all the questions in the Review Test.
There are 20 multiple-choice questions, and each worth 5 marks, adding up to 100 marks in total.
- Each question has only **ONE** correct answer.
- To properly gauge your mathematical background, this is a closed-book test. **Neither notes nor calculators are permitted.**
- To minimize confusion (yours as well as ours), please do **NOT** open more than one WeBWorK window or tab at the same time while you are taking the test.
