

ハロー、皆さん。I am Ryan Wang, and you may address me as either ライアン先生 or 王先生。

My areas of interest encompass Second Language Acquisition, Cross-linguistics, and Cross-cultural issues, with a particular focus on Japanese, Mandarin, Cantonese, and Korean languages. I specialize in Phonetics and L2 Speech Perception and Production within these language groups.

I believe the process of learning Japanese is an expansive and joyful endeavor. It is my hope that we can set out on this fascinating journey together.

どうぞよろしくお願い申し上げます。
