## *Academic Counselling Session for New Students*

Computer Science and Engineering (BCSE)

Computer Engineering (CENG)

Computer Science (CSCI)

---

# Welcome!

Welcome to CSE.  
We are always here to help.

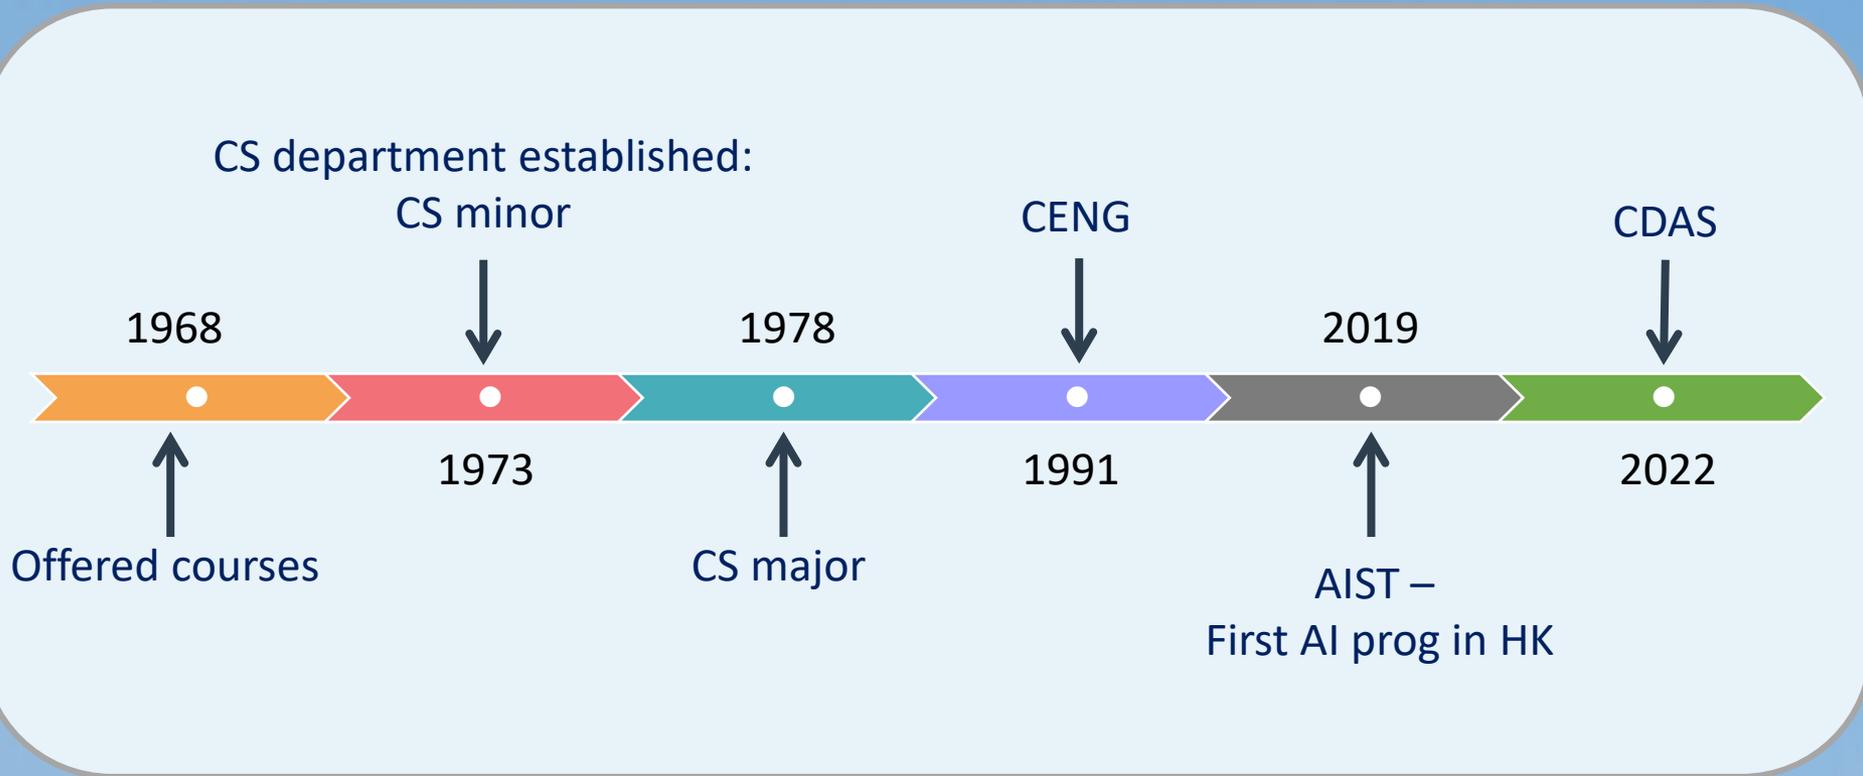

# Agenda

1. Brief Introduction of our Department
2. Graduation Requirements & Curriculum Structure for 4-year curriculum (BCSE)
3. Major Allocation for BCSE students
4. Graduation Requirements & Curriculum Structure for 2-year curriculum (CENG & CSCI)
5. Diverse Learning Experience and Other Learning Options
6. Important Reminders
7. FAQ
8. Academic Advising

# A Long History

- The first computer science department in HK
- A strong alumni network

# Our Undergraduate Programmes

**Department of Computer Science and Engineering (CSE)**

**Artificial Intelligence:  
Systems and  
Technologies  
(AIST)**

**Computer Science  
and Engineering  
(BCSE)**  
(Foundation 1<sup>st</sup> year)

**Computational Data  
Science  
(CDAS)**  
(Joint Programme with  
Department of Statistics)

**Computer  
Engineering  
(CENG)**

**Computer Science  
(CSCI)**

# Excellent Teaching and Research Team

- **2021 Kyoto Prize Laureate and Turing Award Recipient**  
Prof. Andrew Yao
- **7 ACM Fellows**  
Prof. Benjamin Wah, Prof. John Lui, etc.
- **13 IEEE Fellows**  
Prof. Irwin King, Prof. Evangeline Young, Prof. Yufei Tao, etc.
- **2022 IEEE CEDA Ernest S. Kuh Early Career Award**  
Prof. Bei Yu

- **Hong Kong Academy of Engineering Sciences Fellows 2021**  
Prof. Michael Lyu
- **Forbes 30 Under 30 Asia (Healthcare & Science Category) – Class of 2022**  
Prof. Yu Li
- **Distinguished Fellow of the Hong Kong Computer Society 2022**  
Prof. Jimmy Lee

# Graduation Requirements for Year 1 Entry to BCSE (4-year Curriculum)

# Graduation Requirements

Major  
Requirements  
(75 units)

University  
Core  
Requirements  
(39 units)

Free  
Electives  
(9 Units)

Min.  
**123 Units**  
for  
**Graduation**

# University Core Requirements

University Core Courses	Units Requirements
English Language	8
Chinese Language	5
University General Foundation	6
University General Education	7 (At least 2 units in Area A, C, D)
College General Education	6
Understanding China (UGCP1001) <i>(online course - complete before graduation in any one term, including summer term)</i>	1
Hong Kong in the Wider Constitutional Order (UGCP1002) <i>(online course - complete before graduation in any one term, including summer term)</i>	1
Digital Literacy and Computational Thinking (ENGG1003 or ENGG1004)	3
Physical Education	2
<b>Total of units required</b>	<b>39</b>

# Major Requirements

Major Requirements	Computer Engineering (CENG)	Computer Science (CSCI)
Faculty Package	9	
Foundation Courses	17	16
Major Required Courses	31	27
Research Components	6	
Stream Requirements	12	17
<b>Total of units required</b>	<b>75</b>

- » Pick an interesting topic
- » Interdisciplinary nature
- » Apply the knowledge learnt in the previous courses
- » Many open topics. Your creativity and discussion with the supervisor
- » Complete a project under the supervision of an advisor

# Major Allocation for BCSE

# Major Allocation

- Upon finishing their first year of studies, BCSE students will undergo the “major allocation” exercise and be allocated into either the CENG or CSCI programme
- Allocation is primarily based on CGPA but students’ preferences will be accommodated as much as possible

## *Brief declaration procedures for reference:*

<i>Tentative Dates</i>	<i>Details</i>
<i>March-April</i>	<i>The Department will officially announce the procedures via CSE email; Students will then be given a month to submit their preferences</i>
<i>Late May/Early June</i>	<i>Release of Term 2 results; Students will be given 3 days to modify their preferences after the results have been released</i>
<i>Mid-June</i>	<i>Release of major allocation results by email</i>

Note: More info will be provided via email when the exercise starts in March/April. Please stay tuned.

### Streams

1. Intelligence Science
2. Database and Information Systems
3. Rich Media
4. Distributed Systems, Networks and Security
5. Algorithms and Complexity
6. Data Analytics

### Non-Stream

7. General Computer Science

# Distinct Topics for Both 4-year and 2-year Curriculum

- Many other practical and interesting courses:
  - » Algorithms
  - » Big Data Analytics and Machine Learning
  - » Cloud Computing
  - » Computer-aided Design for Very Large Scale Integrated Circuits
  - » Computational Finance
  - » Computer Graphics and Multi-media
  - » Computer Game Software
  - » Computer and Network Security
  - » Databases
  - » Energy Efficient Computing
  - » Embedded System Development and Applications
  - » Networks
  - » Operating Systems
  - » Rapid Prototyping of Digital Systems
  - » Smart Hardware Design
  - » .....

# Diverse Learning Experience and Other Learning Options

# International / Local Competitions

**Champion** in ACM-HK  
Programming Contest 2024

**Champion** in  
Robocon Hong Kong  
Contest  
in 2021 and 2022

**First Prize** in the Cloud Track of the  
Huawei ICT Competition (2023)

# Industrial Visits

- Visit to companies to learn latest development in industry

Cathay Pacific

The Hong Kong Productivity Council

PwC

# Work-Study Scheme

3 years study + 1 year work-study + 1 final year study

Google

Microsoft

FUJITSU

HSBC

恒生銀行 HANG SENG BANK

新鴻基地產  
Sun Hung Kai Properties

ASM Pacific Technology

HKSTP  
香港科技園

# Exchange

- Students often do overseas exchange in the 2<sup>nd</sup> or 3<sup>rd</sup> year
- Credit transfer
  - PLEASE apply for credit transfer **IN ADVANCE** by providing the course details to the Department before enrolling the courses in the exchange university.
  - Grade B is required for credit transfer

# Exchange Opportunities

*e.g.*

- The University of Sydney, Australia
- University of Toronto, Canada
- University of Waterloo, Canada
- Tsinghua University, China
- Seoul National University, Korea
- Nanyang Technological University, Singapore
- National University of Singapore, Singapore
- University College London (UCL), UK
- Georgia Institute of Technology, USA
- University of Illinois at Urbana-Champaign, USA
- ETH Zurich, Switzerland

# Life at CUHK

- Living on Campus:  
<http://www.cuhk.edu.hk/english/campus/accommodation.html>
- Library: <https://www.lib.cuhk.edu.hk/>
  - Past papers
- Independent Learning Center (ILC)  
<https://www.ilc.cuhk.edu.hk/>
- Facebook page:
  - 中大人資訊專頁 <https://www.facebook.com/cuhkinfo>

# Other learning options

Double degree with IBBA

Double majors & Minor

# Important Reminders

- Treasure your time in University.
- Manage your time wisely:  
study, extra-curricular activities, part-time job, etc.
- Study scheme is updated every year.  
**You SHOULD follow the study scheme of your entry year, i.e., 2024 entry,** and keep following it when you progress.
- Pay attention to course prerequisites!
- Declaration of stream:  
you should declare in September of your final year.

# Important Reminders (cont)

- Our CSE Technical Team will provide each of you with a CSE email account before school starts for communication purposes, and also for accessing our systems and PCs in our labs.
- Make good use of our intranet for UG students: The department will make announcements via CSE emails or put the announcements in our intranet.  
<https://i.cse.cuhk.edu.hk/undergraduate/>  
(access through Department website)
- **Set up email forwarding to/from your CUHK email account and CSE email account** so that you do not miss out on any important announcements

# FAQ

# Q1: Can I “NOT follow” the recommended study pattern?

Almost all courses are **pre-assigned in year 1.**

You need to obtain the Department’s consent to drop the required courses.

**We advise against not following the study pattern.**

If you do so, you may face **time conflict** in the major required courses in your senior years.

## Q2: Can I take more than 18 units per semester?

Yes, you may apply for **credit overload** in a semester, but we **do not recommend rushing to finish your study**.

Note:

Some students may be pre-assigned to take 19 units in year 1. It depends on your affiliated college; some colleges will pre-assign College General Education (GE) for students, while some will not.

# Q3: Where can I find course information?

- CUSIS

- Teaching timetable by Subj/Dept

- Make sure to select “view all”

- Browse Course Catalog: Course syllabus, learning outcomes

- Browse Program Information: Study scheme

# Useful Links

<https://www.lib.cuhk.edu.hk/>

## Q4: Can I apply for course exemption using Associate Degree / Higher Diploma courses?

Yes, you may apply, but they will be considered on a case by case basis.

Upon approval, you will be exempted from the approved course(s) only, but **NOT the units**.

You are required to take other major courses to fulfill the major requirements.

# Q5: Can I declare more than one stream?

No, you cannot.

## CE

**Major Electives (12 units)**

### Streams

1. Embedded Systems
2. VLSI Design and EDA

### Non-Stream

3. General Computer Engineering

## CS

**Major Electives (17 units)**

### Streams

1. Intelligence Science
2. Database and Information Systems
3. Rich Media
4. Distributed Systems, Networks and Security
5. Algorithms and Complexity
6. Data Analytics

### Non-Stream

7. General Computer Science

# Lastly, Academic Advising

# Academic Advising

- Every student is assigned an academic advisor
- You will meet at least once a year for purposes of general supervision such as course selection, guided study, adaptation to University learning modes and disciplinary fundamentals, etc.
- Students with academic problems or on academic probation / extended probation are required to have a monthly meeting with the academic advisor.

# Contact Us

[dept@cse.cuhk.edu.hk](mailto:dept@cse.cuhk.edu.hk)

<http://www.cse.cuhk.edu.hk>

## Note:

Our department is responsible for AIST / CENG / CSCI courses only. If you have questions on other courses, please contact the concerned course offering department for assistance.

# Thank you and see you in class!
