

# Zoom Interview Tips

With the increasing popularity of video interviews instead of in-person interviews with Zoom, Skype, or other online platforms these days, the Independent Learning Centre is happy to share with you some practical tips and useful independent learning resources:

## Test the technology well in advance

Make sure you have stable internet connection and that both the camera and microphone work.

## Dress professionally

Wear attire you would wear to an in-person interview; do not put on the professional top only in case you need to stand up/walk to get or fix something.

## Find a distraction-free space

Remove any sound and visual distractions; choose a quiet space with no/ less echo and a plain background.

## Articulate clearly

Make sure you are heard clearly by speaking more slowly and building in more variation in tone.

## Maintain eye contact

Keep your focus and maintain engaging eye contact; avoid looking up and down or to the side even when you are thinking.

## Have application materials with you

Your CV, application letter and any relevant information can serve as a quick reference.
